EDITORIAL POLICIES

Originality of Manuscript

The corresponding author must certify that their article is original, has not been published previously, and is not under consideration for publication by another journal. The corresponding author should affirm originality of the work in the Article Submission Form. If the work has been presented previously at a meeting as an oral or poster presentation, corresponding author must state the name, date and place of the meeting at the Title Page.

Authorship

An individual who has made substantial intellectual contributions to the article should be an author. Each author must have a role in the following areas:

1. Conception and designing of study, or data collection, or analysis and interpretation of data.
2. Writing article or revising it substantially.
3. Final approval of the submitted version.

Other contributors who perform technical support, identify patients for study, translate the texts, supply materials, provide funding have not been qualified as author. These contributions may be acknowledged in the manuscript. Author roles are stated at Article Submission Form.

Human Rights

The Kosuyolu Heart Journal accepts the Declaration of Helsinki Principles as the policy of the Journal. Therefore, all studies concerning human subjects must be approved by the Institutional Review Board. All study subjects should be informed and written consent should be obtained. The editor ask for a copy of the approval document.

Animal Rights

All studies dealing with animal subjects must be performed according to "The Guide for the Care and Use of Laboratory Animals" (http://www.nap.edu/catalog.php?record_id=5140) with the approval of the Institutional Review Board. The editor ask for a copy of the approval document.

All manuscripts submitted for publication are reviewed for their originality, methodology, ethical nature and suitability for the Kosuyolu Heart Journal. The editor has the right to format or reject the manuscripts which do not follow the rules or send them back to the author for correction. Authors who wish to withdraw their manuscripts need to state this to the editor in written form. All manuscripts received are submitted to iThenticate®, a plagiarism checking system. Manuscripts judged to be plagiarised will not be considered for publication.

Submitted papers are reviewed by, the editor, the associated editors, and at least two reviewers. The editor and associated editors may decide to send the manuscript to a third reviewer. The editor and associated editors is the complete authority regarding reviewer selection. The reviewers may be selected from the Journal's Advisory Boards or independent national or international reviewers may be selected when required for the topic of the manuscript.

Instructions for Authors

Instructions for authors can be accessed from <http://www.kosuyolukalpdergisi.com> and printed samples of the Journal.

Scientific and Legal Responsibility of the Articles

Scientific and legal responsibility of the published articles belongs to the authors. Authors are responsible for the contents of the articles and accuracy of the references. Health Science University Kartal Kosuyolu High Specialization Health Application and Research Center, the Editor-in-Chief, the Associated Editors or the Publisher do not accept any responsibility for the published articles.

Ownership of a Manuscript

A Copyright Transfer Form signed by all authors must be submitted to the journal when accepted manuscript. INSTRUCTIONS for AUTHORS

Scope of the Journal

The Kosuyolu Heart Journal is published three times a year (April, August, and December). The official language of the journal is either Turkish or English. For the article written in Turkish should correspond to Turkish Language Institution dictionary, orthography guide (<http://tdk.org.tr>) and dictionary of cardiology terms published by Turkish Society of Cardiology (http://www.kosuyolukalpedergisi.com/global/docs/terminoloji_klavuzu.pdf). Terms written in English or another foreign language should be indicated within quotation marks in Turkish articles.

All manuscripts submitted for publication should comply with "Uniform Requirements for Manuscripts Submitted to Biomedical Journals" produced and updated by the International Committee of Medical Journals Editors (www.icmje.org).

The Kosuyolu Heart Journal accepts the Declaration of Helsinki Principles (<http://www.wma.net/en/30publications/10policies/b3/index.html>) as the policy of the Journal. Therefore, all manuscripts concerning human subjects must contain a statement in the "Materials and Methods" section, indicating that the study was approved by the Institutional Review Board. All study subjects should be informed and written consent should be obtained and this should be declared in the "Materials and Methods" section. All manuscripts dealing with animal subjects must contain a statement indicating that the study was performed according to "The Guide for the Care and Use of Laboratory Animals" (http://www.nap.edu/catalog.php?record_id=5140) with the approval of the Institutional Review Board, in the "Materials and Methods" section. The Editor may ask for a copy of the approval document. The journal's editorial and publication process are also congruent with COPE (<http://publicationethics.org/resources/guidelines>) standards.

Submission Process

The manuscripts should be submitted via online manuscript evaluation system (<http://www.kosuyoluheartjournal.com>).

Forms

An "Article Submission Form" consisting of author role, originality, and conflict of interest disclosure, signed by the corresponding author, declaring that the manuscript has not been published or is not currently submitted to another journal and that the manuscript is approved by all the authors. The Article Submission Form should be simultaneously uploaded together with manuscript files.

Kosuyolu Heart Journal "Copyright Transfer Form" might be uploaded together with manuscript files or should be sent after acceptance of the manuscript via e-mail to journal@kosuyolu.gov.tr. After submission of the copyright transfer form signed by each author, changes of authorship or in the order of the authors listed will not be accepted by Kosuyolu Heart Journal.

Tables and figures: Tables, figures, graphics and pictures should be numbered with Arabic numbers in order of reference in the text. Localization of tables, figures, graphics and pictures should be indicated.

Each table should be prepared with double spacing on a separate page. Tables should have a brief title. Authors should place explanatory matter in footnotes not in the heading. Explanations should be made for all nonstandard abbreviations in footnotes. The following symbols should be used for abbreviations in sequence: *, †, ‡, §, ||, ¶, **, ††, ‡‡. Each table should be cited in text.

Figures should be either professionally drawn or photographed, and these items should be submitted as photographic-quality digital images. Figures should be submitted in a

Contact Address

format that will produce high-quality image (for example, JPEG or GIF). Authors should control the images of such files on a computer screen before submitting them to be sure they meet their own quality standards. Information on staining and microscopic images, the magnification ratio.

X-ray films, scans and other diagnostic images, as well as pictures of pathology specimens should be submitted as sharp, glossy, black-and-white or color photographic images. Letters, numbers, and symbols on figures should be clear and consistent throughout, and large enough to remain legible when the figure is reduced for publication. Figures should be made as self-explanatory as possible. For recognizable photographs of patients, signed releases of the patient or of his/her legal representative should be submitted; otherwise, patient names or eyes must be blocked out to prevent identification.

Legends for figures, graphics and pictures should be typed starting on a separate page, double spaced, indicating the corresponding illustrations with numbers. When symbols, arrows, numbers or letters are used to identify parts of illustrations, define each one clearly under the illustration.

If quoted parts, tables, figures, graphics, pictures etc exist in the manuscript, the authors should obtain written permission from the author and copyright holder and indicate this.

Acknowledgements: All the entities that provide contribution to the technical content, data collection and analysis, writing, revision etc. of the manuscript and yet do not meet the criteria to be an author should be mentioned in the acknowledgement part. If the contribution of the sponsor is only in the form of financial support, this should be stated in the "Acknowledgement" section. If the sponsor has participated in the methods, statistical analysis or manuscript preparation, this contribution should also be stated in the "Materials and Methods" section. If there is no conflict of interest it should also be stated.

References: Data and manuscript not published yet should not be included among the references. These should be stated in the main text as "author(s), unpublished data, year".

Reference numbers should be indicated at the end of the sentences in the text as superscripts and references should be numbered consecutively in the order they are mentioned in the text. ARTICLE SUBMISSION FORM

Manuscript Title

By submitting this form, the corresponding author acknowledges that each author has read and agrees with the information contained in the Originality, Author Role and Competition of Interest Form completed at the time of initial manuscript submission.

Originality of Research

The authors certify that this manuscript is original, has been written by the stated authors, has not been published previously, and is not under consideration for publication by another journal. If parts of the work or patients included in this manuscript have been previously published, the authors are required to disclose this information to the Editors.

Authorship

Koşuyolu Heart Journal has required that authors specify their roles and meet the requirements for authorship as listed in the "Uniform Requirements for a Manuscript Submitted to Biomedical Journals." These indicate that each author must contribute to a manuscript in **each** of the following 3 areas:

1. Substantial contribution to conception and design; or acquisition of data; or analysis and interpretation of data.
2. Drafting the article or revising it critically for important intellectual content.
3. Final approval of the version to be published.

If someone has contributed to the manuscript but does not meet these criteria, they should be listed in the Acknowledgements section rather than on the author byline.

Author Role

Koşuyolu Heart Journal requires that the corresponding author complete the statement below, filling in the blanks with the appropriate author initials. This statement will be reproduced at the end of your manuscript in the printed and online journal, just prior to the reference section, for all clinical and basic research manuscripts. The **overall responsibility** line should list the **single individual** who guarantees the scientific integrity of the work as a whole. All other blanks should be completed as necessary, by all authors who played a significant role in that capacity. Please list **only** 2 initials for each author, without periods, but separated by commas (e.g. MY, HS). In the case of two authors with the same initials, please use their middle initial (e.g. AME, ASE), or full names to differentiate between them.

Conception and design: _____
Analysis and interpretation: _____
Data collection: _____
Writing the article: _____
Critical revision of the article: _____
Final approval of the article: _____

Competition of Interest Disclosure

The Journal requires that each author disclose any sponsor that provided financial support for the study. Such a statement should indicate the details of corporate funding, as well as any involvement by a sponsor of this study in the design; collection, analysis, and interpretation of data; manuscript writing; or the decision to submit the manuscript for publication. This information must be included below in the Competition of Interest statement.

In addition, the Journal requires that each author disclose any personal financial arrangements that might be perceived as a competitive interest with respect to this study. Specifically, for each author:

1. Has the author received a financial contribution from a company or organization that might benefit (or lose) financially from the results, conclusions or discussion presented in the paper/letter? Examples include:
 - royalties
 - patents (or patents pending)
 - fees for consulting
 - fees for speaking when organized by a corporate sponsored speakers' bureau
 - funds for a member of the author's staff or family

Primer Perkütan Koroner Girişim Uygulanan ST-segment Yükselmesi Miyokart İnfarktüsü Hastalarında Kontrast Nefropatisi Gelişimi İçin Monosit/Yüksek Yoğunluklu Lipoprotein Oranının Öngörülü Değeri

Regayip Zehir, Ahmet İlker Tekkeşin, Nahide Haykır, Yalçın Velibey, Edibe Betül Börklü, Ayça Gümüşdağ

19-23

P-Wave and QT Dispersions on Electrocardiography in Coronary Artery Slow Flow Phenomenon

Koroner Yavaş Akımda P Dalga Dispersiyon ve QTc Dispersiyonu

Mücahid Yılmaz, Hasan Korkmaz, Ökkeş Uku, Ertuğrul Kurtoğlu, Mehmet Nail Bilen, Mehmet Akbulut

24-29

Tip A Akut Aort Diseksiyonu Olan Hastalarda Trombosit Lenfosit Oranının Uzun Dönem Mortalite Tahminindeki Rolü

Role of Platelet-Lymphocyte Ratio in Prediction of Long-Term Mortality in Patients with Type A Acute Aortic Dissection

Mehmet Mustafa Tabakcı, Anıl Avcı, Cüneyt Toprak, Göksel Açar, Abdulkadir Uslu, Uğur Arslantaş, Serdar Demir, Deniz Günay, Elnur Alizade, Mehmet Altuğ Tuncer, Mustafa Akçakoyun

30-35

Relationship Between Monocyte/High-Density Lipoprotein Cholesterol Ratio and Angiographic Severity and Extent of Coronary Artery Disease

Monosit Sayısı/HDL Oranı ile Koroner Arter Hastalığının Ciddiyeti ve Yaygınlığı Arasındaki İlişki

Emrullah Kızıltunç, Yakup Alsancak, Burak Sezenöz, Selçuk Özkan, Serkan Sivri, Aybüke Demir Alsancak, Gülten Taçoy

36-39

Torasik ve Abdominal Endovasküler Aortik Onarımda Erken Dönem Tecrübemiz: Üçüncü Basamak Merkez

Early Experience of Thoracic and Abdominal Endovascular Aortic Repair: a Tertiary Single Centre

Uğur Arslantaş, Bilal Boztosun, Lütfi Öcal, Müslüm Şahin, Mehmet Emin Kalkan

40-46

Psoriasis Vulgarisli Hastalarda Preklinik Sol Ventrikül Fonksiyon Bozukluğunun İki Boyutlu Speckle Tracking Ekokardiyografi ile Tespiti

Determining Preclinical Left Ventricular Function Impairment with Two-Dimensional Speckle Tracking Echocardiography in Patients with Psoriasis Vulgaris

Sinan İnci, Özgül Muştu Koryürek, Gökay Nar, Gökhan Aksan, İbrahim İzgü

47-52

Evaluation of Thrombocytopaenia-Related Complications After Bioprosthetic Aortic Valve Implantation

Biyoprotez Aort Kapak Replasmanı Sonrası Görülebilen Trombositopeni ve İlişkili Komplikasyonların Değerlendirilmesi

Sabit Sankaya, Eray Aksoy, Mehmet Dedemoğlu, Davut Çekmecelioğlu, Özge Altaş, Yücel Özen, Kaan Kırallı
