Indexing Dizinler

EBSCO Education Source (Since January, 2013)

Education Source is an International Field Index on Educational Sciences, combines high-quality databases from EBSCO and H.W. Wilson and includes hundreds of unique full-text journals not previously available in any databases.

Emerging Sources Citation Index (ESCI), Web of Science™ Core Collection (Since January, 2015)

The Emerging Sources Citation Index (ESCI) was launched in late 2015 as a new database within Clarivate Analytics' (formerly Thomson Reuters') Web of Science. Journals indexed in the ESCI will not receive Impact Factors; however, the citations from the ESCI will now be included in the citation counts for the Journal Citation Reports, therefore contributing to the Impact Factors of other journals. Articles in ESCI indexed journals will be included in an author's *H-Index* calculation, and also any analysis conducted on Web of Science data or related products such as InCites.

ERIH PLUS European Reference Index for the Humanities (ERIH) to NSD (Since January, 2017)

The European Science Foundation (ESF) signed in January 2014 a memorandum of understanding with the NSD - Norwegian Centre for Research Data to transfer the maintenance and operations of the European Reference Index for the Humanities (ERIH) to NSD. The ERIH database operated by NSD is called ERIH PLUS.
