# CHAOS

THEORY AND APPLICATIONS

## Contents

Volume: 1, Issue: 1, Year:2019.

Design of an Interface for Random Number Generators based on Integer  
And Fractional Order Chaotic Systems (Research Paper) .....1-18

A Logistic Map Runge Kutta-4 Solution for FPGA using Fixed Point  
Representation (Research Paper).....19-28

A Multiscroll Chaotic Attractor and its Electronic Circuit  
Implementation (Research Paper).....29-37

Modelling of a Chaotic System Motion in Video with Artificial Neural  
Networks (Research Paper).....38-50

The Chaos-Based Whale Optimization Algorithms Global Optimization  
Representation (Research Paper).....51-63
