Journal of Advances in VetBio Science and Techniques is aimed to serve as scientific research journal.

VetBio is a **triannual** (April, August, and December), open access, and fully refereed **international** journal.

VetBio is to publish high-quality scientific research articles on animal-related fields including science branches such as veterinary medicine, fisheries, food science, biological sciences, and zoology. In addition, short communications and reports, case reports, letter to the editor and reviews are also accepted. Publishing languages are Turkish and English. The editorial policy of the journal is based on independent, unbiased, and **double-blind** peer-review. The VetBio **does not charge** submission, processing or publication fee.

VetBio has been indexed by CAB International (CABI) index, Index Copernicus International (ICI) World of Journals, Google Scholar, Academic Research Index (Research Bib), Root Society for Indexing and Impact Factor Service (Rootindexing), Eurasian Scientific Journal Index (ESJI), Cosmos Impact Factor, Scientific Indexing Services (SIS), Directory of Open Access Scholarly Resources (ROAD), and OpenAIRE databases.
