

About the Talent

Formerly known as the Turkish Journal of Giftedness and Education (TJGE), Talent covers all aspects of gifted education, talent development and creativity and all types of high ability in science, mathematics, language, sports, and the arts and other domains. It provides a scientific platform for researchers, practitioners and administrators to discuss and disseminate scientific research, theories, ideas, and practices.

Talent is a refereed journal which publishes original research articles, literature and book reviews in English. Articles submitted to Talent undergo rigorous peer review process. Talent is published twice a year.

Talent is an open access journal which means that all content is freely available without charge to the user or his/her institution. Users are allowed to read, download, copy, distribute, print, search, or link to the full texts of the articles, or use them for any other lawful purpose, without asking prior permission from the publisher or the author.
