

ACTA ORTHOPAEDICA et TRAUMATOLOGICA TURCICA

CONTENTS OF ISSUES OF VOLUME 47 (2013)

Page	Title	Authors	Type
Number 1			
1-7	Minimal invasive midvastus versus standard parapatellar approach in total knee arthroplasty	Avcı et al.	Original Article
8-13	The effect of computerized navigation on component alignment in total knee arthroplasty	Soares et al.	Original Article
14-18	Prediction of the quadruple hamstring autograft thickness in ACL reconstruction using anthropometric measures	Çelikaş et al.	Original Article
19-26	Limb salvage and amputation in Type 3C tibial fractures	Sügin et al.	Original Article
27-31	The comparison of plate-screw and tension band techniques in the osteosynthesis of Danis-Weber Type A and B lateral malleolar fractures	Işık et al.	Original Article
32-37	Coracoid versus lateral sagittal infraclavicular block	Acar et al.	Original Article
38-42	Acetabular index values in healthy Turkish children between 6 months and 8 years of age: a cross-sectional radiological study	Akel et al.	Original Article
43-47	Ischial and pubic osteotomies performed by medial approach during periacetabular osteotomies: an anatomical study	Bilgili et al.	Basic Study
48-54	Permanent and temporary epiphysiodesis: an experimental study in a rabbit model	Kömür et al.	Exp. Study
55-59	Biomechanical properties of ciprofloxacin loaded bone cement	Aslan et al.	Exp. Study
60-64	A neuroblastoma case presenting with pathologic femur fracture	Özger et al.	Case Report
65-67	Trigger finger at the carpal tunnel level: three case reports	Parmaksızoğlu et al.	Case Report
68-71	Osteotendinous repair of bilateral spontaneous quadriceps tendon ruptures with the Krackow technique in two patients with chronic renal failure	Kara et al.	Case Report
Number 2			
73-78	Sonographic assessment of transverse carpal ligament after open surgical release of the carpal tunnel	Karabay et al.	Original Article
79-85	Lengthening by distraction osteogenesis in congenital shortening of metacarpals	Bulut et al.	Original Article
86-90	Efficacy of the Taylor spatial frame in the treatment of deformities around the knee	Sökücü et al.	Original Article
91-95	Treatment of subtrochanteric nonunion of the femur: whether to leave or to exchange the previous hardware	Kang et al.	Original Article
96-103	Dislocation after total hip arthroplasty: risk factors and treatment options	Leichtle et al.	Original Article
104-110	Does Kinesio taping in addition to exercise therapy improve the outcomes in subacromial impingement syndrome? A randomized, double-blind, controlled clinical trial	Şimşek et al.	Original Article
111-117	Identification of risk factors for respiratory complications in upper cervical spinal injured patients with neurological impairment	Chen et al.	Original Article
118-121	The effect of expansive open-door laminoplasty on spinal canal diameter: an experimental study on rabbits	Fateh et al.	Exp. Study
122-126	A biomechanical study on the interosseous membrane and radial head in cadaveric forearms	Huang et al.	Exp. Study
127-133	Effect of low-dose irradiation on structural and mechanical properties of hyaline cartilage-like fibrocartilage	Öncan et al.	Exp. Study
134-138	Alkaptonuric patient presenting with "black" disc: a case report	Kahveci et al.	Case Report
139-141	Tenosynovial giant cell tumor in an unusual localization	Atik et al.	Case Report
142-145	Rice body formation characterized by the chronic non-specific tenosynovitis in the tibialis anterior tendon	Bulut et al.	Case Report

Number 3

147-152	Demographic and clinical characteristics of traumatic shoulder dislocations in an urban city of Turkey: a retrospective analysis of 208 cases	Taş et al.	Original Article
153-157	Reliability and reproducibility of classifications for distal radius fractures	Küçük et al.	Original Article
158-161	Estrogen receptors in hip joint capsule and ligamentum capitis femoris of babies with developmental dysplasia of the hip	Desteli et al.	Original Article
162-172	Bilateral low-energy sequential femoral shaft fractures in patients on long-term bisphosphonate therapy	Çakmak et al.	Original Article
173-178	Biomechanical evaluation of different internal fixation methods for humerus shaft fractures with medial butterfly fragment	Türken et al.	Exp. Study
179-183	Comparison of repair techniques in small and medium-sized rotator cuff tears in cadaveric sheep shoulders	Onay et al.	Exp. Study
184-192	Cisplatin loaded PMMA: mechanical properties, surface analysis and effects on Saos-2 cell culture	Özben et al.	Exp. Study
193-200	The effect of oophorectomy on epidural fibrosis after laminectomy: an experimental study in rats	Çirci et al.	Exp. Study
201-207	Does platelet-rich plasma enhance microfracture treatment for chronic focal chondral defects? An <i>in-vivo</i> study performed in a rat model	Hapa et al.	Exp. Study
208-211	Mucoid hypertrophic mass of the anterior cruciate ligament causing knee extension block	Park et al.	Case Report
212-217	The <i>Nocardia farcinica</i> infection developing after total knee arthroplasty surgery	Ozan et al.	Case Report
218-222	Long-term follow-up of a hip joint osteoblastoma after intralesional curettage and cement packing: a case report	Günel et al.	Case Report

Number 4

223-230	Fate of abstracts presented at a National Turkish Orthopedics and Traumatology Congress: publication rates and consistency of abstracts compared with their subsequent full-text publications	Yalçinkaya et al.	Original Article
231-235	Prevalence of symptomatic knee, hand and hip osteoarthritis among individuals 40 years or older: a study conducted in İzmir city	Yeşil et al.	Original Article
236-243	Interlocking intramedullary ulna nails in isolated ulna diaphyseal fractures: a retrospective study	Saka et al.	Original Article
244-249	Approach to supracondylar humerus fractures with neurovascular compromise in children	Aksakal et al.	Original Article
250-254	Digital artery perforator flaps: an easy and reliable choice for fingertip amputation reconstruction	Basat et al.	Original Article
255-260	Diaphyseal femur fractures associated with bisphosphonate use	Graham et al.	Original Article
261-265	Endoscopic calcaneoplasty: five-year results	Kaynak et al.	Original Article
266-272	The effects of extracorporeal shock waves on carrageenan-induced Achilles tendinitis in rats: a biomechanical and histological analysis	Çınar et al.	Exp. Study
273-280	Effect of 900 MHz electromagnetic fields emitted from cellular phones on fracture healing: an experimental study on rats	Aslan et al.	Exp. Study
281-285	Comparison of the efficiency of different antibiotic irrigation solutions in decontamination of allografts contaminated with <i>Staphylococcus aureus</i>	Kaya et al.	Exp. Study
286-290	Preventing neurovascular invasion in desmoid tumors	Özger et al.	Case Report
291-294	Excess retained cement in the posteromedial compartment after unicondylar knee arthroplasty	Altındağ et al.	Case Report
295-298	Sudden loss of vision following bilateral closed femoral nailing: a case of Purtscher's retinopathy	Suresh et al.	Case Report
299-300	<i>Comment on:</i> Acetabular index values in healthy Turkish children between 6 months and 8 years of age: a cross-sectional radiological study	Atalar et al.	Letter to the Editor
300	Authors' reply	Akel	Letter to the Editor

Number 5

301-306	The results of primary repair after distal biceps tendon rupture	Hrubina et al.	Original Article
307-310	The comparison of Ethibond sutures and semitendinosus autograft in the surgical treatment of acromioclavicular dislocation	Mardani-Kivi et al.	Original Article
311-317	Arthroscopic treatment of femoroacetabular impingement: early outcomes	Polat et al.	Original Article
318-322	Prevalence of bone mineral density testing and osteoporosis management following low- and high-energy fractures	Angthong et al.	Original Article
323-329	The patellar shift index: a reliable and valid measure for patellofemoral congruence following total knee arthroplasty with unresurfaced patella	Metsna et al.	Original Article
330-333	Etiology of coxarthrosis in patients with total hip replacement	Uluçay et al.	Original Article
334-338	Legg-Calvé-Perthes disease in children with Down syndrome	Talmac et al.	Original Article
339-346	Injuries in elite youth football players: a prospective three-year study	Ergün et al.	Original Article
347-353	Long-term results of porous-coated cementless total knee arthroplasty with screw fixation	Azboy et al.	Original Article
354-358	The effect of pronation and inclination on the measurement of the hallual distal metatarsal articular set angle	Çakmak et al.	Basic Study
359-365	Characterization of powdered fish heads for bone graft biomaterial applications	Öteyaka et al.	Basic Study
366-369	Aneurysmal bone cyst-like areas as a sign of metastatic disease in the spinal column	Karadeniz et al.	Case Report
370-375	Fracture dislocation of the proximal humerus with ipsilateral shaft fracture: a report of two cases	Chun et al.	Case Report
376-378	Osteoblastoma of the trapezoid bone and triquetral bone: report of two cases	Kaya et al.	Case Report

Number 6

379-386	Hyalonect in the treatment of pseudarthrosis	Tekin et al.	Original Article
387-392	Tips and tricks in the diagnostic workup and the removal of foreign bodies in extremities	Kurtulmuş et al.	Original Article
393-399	Modified Latarjet procedure for patients with glenoid bone defect accompanied with anterior shoulder instability	Atalar et al.	Original Article
400-404	Femoral neck shortening after internal fixation	Liu et al.	Original Article
405-410	Anatomical evaluation of the superficial veins of the upper extremity as graft donor source in microvascular reconstructions: a cadaveric study	Kiray et al.	Basic Study
411-416	Internal fixation of bilateral sacroiliac dislocation with transiliac locked plate: a biomechanical study on pelvic models	Şahin et al.	Exp. Study
417-422	In vivo investigation of calcium phosphate coatings on Ti6-Al-4V alloy substrates using lactic acid - sodium lactate buffered synthetic body fluid	Havıtçıođlu et al.	Exp. Study
423-429	The effect of dexketoprofen trometamol on the healing of diaphysis fractures of rat tibia	Sevimli et al.	Exp. Study
430-435	Protective effect of zoledronic acid on corticosteroid-induced chondrocyte apoptosis in rat articular cartilage	Özenci et al.	Exp. Study
436-439	Myxoinflammatory fibroblastic sarcoma: a case report	Ertener et al.	Case Report
440-443	Periprosthetic tuberculosis of the knee joint treated with antituberculosis drugs: a case report	Tekin et al.	Case Report
444-447	Locking knee after intra-articular migration of broken patella tension band wire: an extraordinary intra-articular migration via pseudarthrosis line	Wang et al.	Case Report
