

ACTA ORTHOPAEDICA et TRAUMATOLOGICA TURCICA

CONTENTS OF ISSUES OF VOLUME 44 (2010)

Page	Title	Authors	Type
Number 1			
1-6	Functional outcome and complications following PHILOS plate fixation in proximal humeral fractures	Geiger et al.	Original Article
7-13	Clinical results of intramedullary nailing following closed or mini open reduction in pediatric unstable diaphyseal forearm fractures	Yalçinkaya et al.	Original Article
14-19	Indirect reduction of the radial head using an external fixator to treat chronic radial head dislocations	Bilen et al.	Original Article
20-26	The results of open reduction and screw or K-wire fixation for isolated type II radial head fractures	Ertürer et al.	Original Article
27-35	Modified Fulkerson osteotomy in recurrent patellofemoral dislocations	Akgün et al.	Original Article
36-41	Early results of total knee arthroplasty performed through the midvastus approach	Ertürk et al.	Original Article
42-47	Comparison of intra-articular hyaluronic acid injections and mud-pack therapy in the treatment of knee osteoarthritis	Bostan et al.	Original Article
48-53	The results of surgical repair of sciatic nerve injuries	Aydın et al.	Original Article
54-62	Evaluation of the two bundles of the anterior cruciate ligament with 1.5 tesla magnetic resonance imaging	Kaya et al.	Original Article
63-69	Investigation of interobserver reliability of the Gillette Functional Assessment Questionnaire in children with spastic diparetic cerebral palsy	Günel et al.	Original Article
70-75	Comparison of screw-fixation stabilities of first metatarsal shaft osteotomies: a biomechanical study	Ünal et al.	Exp. Study
76-78	Successful replantation in ten-digit amputation	Kantarcı et al.	Case Report
79-81	Hyperphalangism accompanied by brachydactyly of the feet: a case report	Suresh et al.	Case Report
82-87	A new surgical technique to facilitate osteochondral autograft transfer in osteochondral defects of the capitellum: a case report	Bilsel et al.	Case Report
Number 2			
89-96	Complications encountered in proximal humerus fractures treated with locking plate fixation	Aksu et al.	Original Article
97-104	Locking plate fixation of three- and four-part proximal humeral fractures	Sancar et al.	Original Article
105-110	Functional results of conservative therapy accompanied by interscalene brachial plexus block and patient-controlled analgesia in cases with frozen shoulder	Yılmazlar et al.	Original Article
111-116	Utilization of axillary brachial plexus block in the postoperative rehabilitation of intra-articular fractures of the distal humerus	Aksoy et al.	Original Article
117-123	Selective Kirschner wiring for displaced distal radial fractures in children	Luscombe et al.	Original Article
124-126	The relationship between morphometric parameters and Trendelenburg sign following the Hardinge incision	Bülbül et al.	Original Article
127-134	Radiographic and functional results of osteosynthesis using the proximal femoral nail antirotation (PFNA) in the treatment of unstable intertrochanteric femoral fractures	Şahin et al.	Original Article
135-142	Short-term results of the Oxford phase 3 unicompartmental knee arthroplasty for medial arthritis	Parmaksızoğlu et al.	Original Article
143-151	Interposition arthroplasty in the treatment of hallux rigidus	Ozan et al.	Original Article
152-156	Validity of the Turkish version of the Kujala patellofemoral score in patellofemoral pain syndrome	Kuru et al.	Original Article
157-161	The use of an absorbable collagen cover (NeuraWrap) improves patency of interpositional vein grafts	Bekler et al.	Exp. Study
162-165	An unusual cause of recurrent joint effusions: nonhemophilic hemosiderotic synovitis of the knee	Yalçın et al.	Case Report
166-168	Expanding nail or expanding femur? An adverse event with the expandable intramedullary nail	Gangopadhyay et al.	Case Report
169-171	Reverse floating first metatarsal and floating third metatarsal with Lisfranc fracture dislocation: an unusual injury	Singh et al.	Case Report

Number 3

173-179	Simultaneous repair of chronic full-thickness rotator cuff tears during fixation of proximal humerus fractures and clinical results	Aksu et al.	Original Article
180-185	Comparison between the results of open and arthroscopic repair of isolated traumatic anterior instability of the shoulder	Mahiroğulları et al.	Original Article
186-193	Reconstruction of shoulder abduction and external rotation with latissimus dorsi and teres major transfer in obstetric brachial plexus palsy	Öztürk et al.	Original Article
194-198	Coracoclavicular ligament repair and screw fixation in acromioclavicular dislocations	Esenyel et al.	Original Article
199-205	The results of conservatively treated simple elbow dislocations	Kesmezacar et al.	Original Article
206-211	The results of surgical treatment for posttraumatic heterotopic ossification and ankylosis of the elbow	Akman et al.	Original Article
212-219	Comparison of palmar locking plate and K-wire augmented external fixation for intra-articular and comminuted distal radius fractures	Gereli et al.	Original Article
220-228	Clinical and functional outcomes and proprioception after a modified accelerated rehabilitation program following anterior cruciate ligament reconstruction with patellar tendon autograft	Karasel et al.	Original Article
229-234	The morphological features of the mediopatellar and lateral folds of the developing knee joint: a fetus cadaveric study	Kurtoğlu et al.	Original Article
235-240	Prospective analysis of surgical outcomes in patients undergoing decompressive laminectomy and posterior instrumentation for degenerative lumbar spinal stenosis	Gelalis et al.	Original Article
241-245	Evaluation of the medial longitudinal arch: a comparison between the dynamic plantar pressure measurement system and radiographic analysis	Yalçın et al.	Original Article
246-249	Secondary aneurysmal bone cyst of the patella	Ozan et al.	Case Report
250-253	A glomus tumor anterior to the patellar tendon: a case report	Akgün et al.	Case Report
254-256	The linea aspera-pilaster complex as a possible cause of confusion with the 'flame sign': a case report	Gheorghiu et al.	Case Report

Number 4

257-261	Management of ununited intracapsular femoral neck fractures by using quadratus femoris muscle pedicle bone grafting in young patients	Vallamshetla et al.	Original Article
262-269	Calcium phosphate cement augmentation in the treatment of depressed tibial plateau fractures with open reduction and internal fixation	Öztürkmen et al.	Original Article
270-277	Hospital-based versus home-based proprioceptive and strengthening exercise programs in knee osteoarthritis	Tunay et al.	Original Article
278-284	Immobilization of the shoulder in external rotation for prevention of recurrence in acute anterior dislocation	Taşkoparan et al.	Original Article
285-292	Comparison of the outcomes of two different exercise programs on frozen shoulder	Çelik et al.	Original Article
293-299	The relation between sagittal morphology of the lumbosacral spine and the degree of lumbar intervertebral disc degeneration	Ergün et al.	Original Article
300-305	Is there any correlation between the preoperative parameters and correction loss in patients operated for hyperkyphosis?	Tonbul et al.	Original Article
306-312	Allogeneic blood transfusion decreases with postoperative autotransfusion in hip and knee arthroplasty	Atay et al.	Original Article
313-321	The effect of head trauma on fracture healing: biomechanical testing and finite element analysis	Ozan et al.	Exp. Study
322-327	The comparison of the negative effect of autoclaving and pasteurization on bone healing	Vural et al.	Exp. Study
328-336	Neuropathic arthropathy of the shoulder associated with syringomyelia: a report of six cases	Atalar et al.	Case Report
337-339	Synovial chondromatosis of the metacarpophalangeal joint of the ring finger	Özçelik et al.	Case Report
340-343	Migrating bone marrow edema syndrome: a cause of recurring knee pain	Suresh et al.	Case Report

Number 5

345-351	Sensory recovery of the reverse homodigital island flap in fingertip reconstruction: a review of 66 cases	Yazar et al.	Original Article
352-360	Epidemiology of injuries treated at a hand and microsurgery hospital	Aksan et al.	Original Article
361-364	Is the rabbit knee a suitable model for the human interphalangeal and metacarpophalangeal joints of the hand?	Karalezli et al.	Original Article
365-377	Evaluation of the lateral instability of the ankle by inversion simulation device and assessment of the rehabilitation program	Ürgüden et al.	Original Article
378-384	Quantitative gait characteristics of children who had successful unilateral clubfoot operation	Akşahin et al.	Original Article
385-391	Foot mobility and plantar fascia elasticity in patients with plantar fasciitis	Şahin et al.	Original Article
392-396	Missed talar neck fractures in ankle distortions	Rodop et al.	Original Article
397-402	Solitary enchondromas of long bones: pattern of referral and outcome	Donthineni and Oflluoğlu	Original Article
403-409	Effect of hyperbaric oxygen therapy on bone prefabrication in rats	Sever et al.	Exp. Study
410-412	Revision of the Gunston polycentric knee arthroplasty with total knee arthroplasty	Memişoğlu et al.	Case Report
413-415	Migration of intra-articular K-wire into the contralateral pelvis after surgery for developmental dysplasia of the hip: a case report	Yurtçu et al.	Case Report

Number 6

417-425	Anatomic and reversed shoulder prostheses in fracture sequelae of the humeral head	Kılıç et al.	Original Article
426-430	Free coracoacromial ligament graft for augmentation of massive rotator cuff tears treated with mini-open repair	Bektaşer et al.	Original Article
431-436	Long-term clinical and radiological outcomes of hybrid total knee arthroplasty	Woo et al	Original Article
437-442	Thrust plate prosthesis for proximal femoral deformity: a series of 15 patients	Karatosun et al.	Original Article
443-451	Comparison of long-term results of dynamic hip screw and AO 130 degrees blade plate in adult trochanteric region fractures	Akıncı et al.	Original Article
452-457	Validity of ultrasonography in surgically treated zone 2 flexor tendon injuries	Sügün et al.	Original Article
458-463	Current trends in reconstruction surgery and rehabilitation of anterior cruciate ligament in Turkey	Coşkunsu et al.	Original Article
464-468	Anatomical variations of iliolumbar artery and its relation with surgical landmarks	Kiray et al.	Original Article
469-475	What do patients recall from informed consent given before orthopedic surgery?	Şahin et al.	Original Article
476-483	Effect of hyperbaric oxygen and ozone preconditioning on oxidative/nitrosative stress induced by tourniquet ischemia/reperfusion in rat skeletal muscle	Koca et al.	Exp. Study
484-491	Comparison of anti-edema effects of iloprost and diclofenac sodium on traumatic rat paw edema	Uslu et al.	Exp. Study
492-495	Rice body mass formation mimicking a neoplastic disease around the trochanteric bursae of the hip	Uludağ et al.	Case Report
496-499	Thermal crush injury of the hand caused by roller type ironing press machine	Sever et al.	Case Report
