

EDİTÖRDEN

Dolu dolu 51. sayı ile huzurlarınızdayız. Bu sayıda bir ilki yaşadık: Makale yağmaya başladı. Toplam 56 makale geldi. Editöryal çalışmalar ve hakem süreçleriyle 31 makale reddedildi. 22 araştırma makalesi, 3 kitap tanıtımı olmak üzere toplam 25 makale yayına kabul edildi. Sayı online ve basılı olarak takdirlerinize arz edildi.

Bu sayımızda makale sirkülasyonu yoğunlaşınca, süreci yönetmekte zorlandık doğrusu. Örneğin daha önce dergimizde 15 civarında makaleyi yayınlıyorduk. Bu sayıda yazarlara hakem sürecinden geçtiğinde yayınlanacağı sözünü zımnen vermiş olduğumuz için makale sayımız 25 oldu. Bundan sonraki sayılarda makale sayımıza ortalama bir sayı tespiti yaparak yazarlarımızı bu konuda bilgilendirmeye çalışacağız.

Yayın Kurulu olarak uluslararası indekslerden aldığımız eleştiriler muvacehesinde dergimizin içerik kalitesini daha geliştirebilmek; önümüzdeki ikinci kategori uluslararası indekslere girebilmek için bir dizi karar aldık. Bu kararları sizlerle paylaşmak istiyorum.

a) Dergimizin kapsamının çok geniş (Sosyal Bilimler ve İlahiyat) bir alana sahip olması ve daraltılması. Bu bağlamda iki yeniliğe imza attık. İlk olarak dergimizin kapsamını sadece “İlahiyat” alanına çekerek alanda daralma sağladık. Bundan sonra İlahiyat dışı çalışmalara yer veremeyeceğiz. İkinci olarak makale çeşitliliği açısından bir sınırlama getirdik. Bundan sonra sadece “araştırma makalesi” ve “kitap kritiği” şeklinde iki kategoride yayın yapacağız.

b) Dergimizdeki makalelerin kalite düzeyinin farklılaşması. Makalelerimizin büyük bir kısmında ileri düzey bir orijinallik ve özgünlüğün bulunmasına karşın bazı makalelerin standardın altında olduğu şeklinde bir eleştiri geldi. Yukarıda çeşitlilik açısından yaptığımız ilk kategorideki makalelerde alanın klasik ve modern sorunlarına odaklanan, çözüm üreten, teorik ve pratik alanda analitik düzeyde çalışan yahut alanın güncel/aktüel problemlerine cevaplar arayan; kısacası bir sorunsalı, bir tezi olan araştırma makalelerini yayınlamaya gayret edeceğiz. İkinci kategoride ise Türkiye geleneğindeki basit kitap tanıtımından ziyade Batı’da review diye adlandırılan “kitap kritiği” şeklindeki yayın tanıtımı çalışmalarına yer vereceğiz ki bu tür tanıtımın ana parametreleri ve prensipleri için “yayın politikamız” butonu altındaki linkte bilgiler sunduk. Bu konuda hakemlere de ciddi görev düşmektedir.

c) Makale sirkülasyonumuz ciddi düzeyde arttı. Bu da gerek editöryal süreç gerekse hakem sürecinde ciddi bir iş yükünü beraberinde getirdi. Yayın Kurulu, dergimizin kapsam ve politikasına uygun olan makalelerden dergi yazım kurallarına, atıf ve kaynak sistemine ve şekli formatına uygun olmayanların hakem sürecinin başlatılmamasına karar vermiştir.

d) İndeksleme müracaat etmek; özellikle de indekslerde kalıcı olmak için en önemli etkenlerden biri atıf sayısıdır. Sivas Cumhuriyet Üniversitesi editörler toplantısında

tartışılan konulardan biri atıf konusudur. Bunun yolu, bir taraftan indekslerde taranmak; aynı indekslerdeki kapsam ve konu açısından aynı olan dergilerden atıf almaktır. Bu yüzden öncelikle Türkiye'deki İlahiyat Fakülteleri dergilerinin indekslere müracaat etmesi; çıtayı yükselten dergilerin öteki dergilere bu konuda yardımcı olması gerekmektedir. İkinci olarak da İlahiyat Fakülteleri dergilerinin aynı konuda yazılan makalelerde geçmiş literatürün dikkate alınmasına önem vermesi elzemdir. Yazarların, editörlerin ve hakemlerin buna dikkat etmesi ve dikkat çekmesi gerekmektedir. Akademik gelişim ve etki faktörün (impact factor) artması konusunda her derginin üzerine düşeni yapması gerekmektedir.

Biz *İlahiyat Tetkikleri Dergisi* olarak çıtayı yükseltmeye devam ediyoruz, hem de son hızla. Standartlarımız netleşti. Uluslararası alan indekslerinde taranma konusunda ESCI'ya (Emerging Sources Citation Index) müracaatımız, 2016 yılından itibaren kabul edilmiş bulunmaktadır. Ayrıca Pro-Quest indeksinde de taranmaya başladık. Yani resmen alan indeksi düzeyinde uluslararası dergi olmuş olduk.

ESCI'ya kabul edildikten sonra Fen Bilimleri, Sosyal Bilimler, Sanat ve İnsani Bilimleri konu alan dergileri ve konferans bildirimlerini düzenli olarak tarayan ve en prestijli yayınların veri tabanı olan WoS (Web of Science)'da da yer aldık.

ESCI'ya girdikten sonra MIAR'daki puanımız 6.5'tan 10.0'ula ulaştı ki şu an itibarıyla İlahiyat alan dergilerinde ilk sıraya yerleşmiş olduk. 2016 yılından itibaren yayınlanan makalelerimiz uluslararası kategoride değerlendirilecektir. Aynı düzeydeki SCOPUS, EBSCO ve benzeri indekslerden de haber bekliyoruz. Şimdiki hedefimiz AHCI (Arts and Humanities Citation Index) ve SSCI (Social Sciences Citation Index)'dir.

EDITORIAL

We are before you with our 51st issue which is rich in content. We have lived something for the first time in this issue: Articles were set in large numbers. 56 articles in total were sent to us. After the editorial studies and peer-reviewing process 31 of those articles were rejected. 22 research articles, and 3 book reviews were accepted, in other words 25 articles in total were accepted to be published. The issue is presented to you in online and printed forms.

In this issue, when the circulation of articles increased, to be honest we had difficulty managing the process. To illustrate, previously we used to print about 15 articles in an issue. However, in this issue, as we had implicitly promised the writers to publish their works after having passed the peer-review process, the total number of articles has gone up to 25. In the following issues, we will try to inform our writers after determining an average number for the number of articles to be published.

As the Editorial Board, in consideration of the criticism we had from international indexes, we have made a number of decisions in order to improve the quality of the content, and to be able to take place in second category indexes in our target. I want to share these decisions with you.

a) As the scope of our journal is too wide (Social Sciences and Theology) it will be limited. In this regard, we have made two innovations. Firstly, we have narrowed down the scope of our journal by drawing it only to the field of “Theology”. After that, we will not give place to studies outside the field of Theology. Secondly, we have made a limitation in terms of article variety. From now on, we will make publications in only two categories as “research article” and “book review”.

b) Differentiation among the quality levels of the articles in our journal. Although a major part of the articles have an advanced level of authenticity and originality, a criticism was made in the way that some of the articles were under the standard level. In the articles in the first category we have set above, we will make efforts to publish research articles that focus on the classical and modern problems of the field, produce solutions, work in analytic level in theoretical and practical fields or look for answers to the contemporary/actual problems of the field; in brief articles with a problematic, a thesis. As for the second category, we will give place to publishing introduction studies in the form of “book critique”, which is called review in the West, rather than simple book introductions in Turkish tradition. For the main parameters and principles of this type of introduction, we have presented information in the link under the “publication policy” button. Peer-reviewers will also be in charge seriously about this issue, either.

c) The circulation of articles has increased greatly in our journal. Therefore, this has brought with it itself a great work-load either in editorial process or in peer-review process. The Editorial Board has decided not to start the peer-reviewing process for the articles that are appropriate in terms of the scope and policy of our journal but are not in accordance with the journal's writing rules, reference and source system and does not fit in terms of the journal format.

d) One of the most important elements to apply for indexes; and especially to be permanent in these indexes is the number of references. In Sivas Cumhuriyet University editors meeting, one of the discussed topics was the reference issue. On one hand the way to do this is to be scanned in indexes and to be referenced in the journals that are same in terms of scope and field. Therefore, it is necessary for the journals of Theology Faculties in Turkey to apply indexes; and it is also necessary for the journals, which set higher standards, to help other journals about this. Secondly, it is a must for the journals of Theology Faculties to take the past literature into consideration in the articles written about the same subjects. It is required that authors, editors and peer-reviewers pay and draw attention to this. All of the journals must do their shares to improve academic progress and impact factor.

We, as *the Journal of İlahiyat Researches*, go on setting the standards higher and higher at the top speed. Our standards became prominent. Our application to ESCI (Emerging Sources Citation Index) for being scanned in international field indexes was accepted in 2016 and has been in effect since then. Moreover, we started to have been scanned in Pro-Quest index, as well. That is to say, we have literally become an international journal in field index level.

After having been accepted to ESCI, we have also taken place in WoS (Web of Science), which is the database for the most prestigious publications, by scanning the journals and conference papers Physical Sciences, Social Sciences, Art and Humanities.

After being accepted to ESCI, our point in MIAR has raised from 6.5 to 10.0, which means we are placed on the top among the Theology field journals by the moment. Our articles which have been published since 2016, will be evaluated in international category. We await news from SCOPUS, EBSCO and similar indexes, either. Our current targets are AHCI (Arts and Humanities Citation Index) and SSCI (Social Sciences Citation Index).

In the 51st issue, we have decided for one article to be translated into English. In this issue, there are 22 research articles and 3 book reviews. Two of these articles are in English, one is in Arabic and the others are in Turkish. The articles are on fields such as Tafsir, Hadith, Islamic Law, Kalam, Sufism, History of İslamic Sects, Arabic Language and Rhetoric, History of Religions, History of Islam, Religious Psychology, Religious Psychology, Religious Sociology and Religious Education.

I express my gratitude towards my editorial team for their meticulous and intensive work for the development of our journal; towards Rectorship and Deanship for their moral and material support. In other respects, I thank to the writers who contributed to the journal with their articles; and to the peer-reviewers who take reviewing process quite seriously. No doubt, we owe a debt of gratitude to our 835.836 followers who follow us on our Dergipark webpage; and to 3077 readers who examined our latest issue. We submit a contentful issue to the appreciation of our readers.

See you in the 52nd issue...

Prof. Dr. Ömer KARA

نقدم إلى حضراتكم إصدارنا القيم الواحد والخمسين. في هذا العدد حدث ما لم يحدث من قبل حيث إن المقالات المقدّمة بدأت تكثر حتى وصل عددها إلى ستة وخمسين، وقد تم رد واحد وثلاثين منها بتقييم التحريرات ونتيجة تقييم الحكام وقُبلت اثنتان وعشرون مقالة بحثية وثلاث مراجعات نقدية للكتب. وقد قدمنا العدد إليكم ونرجو أن ينال إعجابكم مطبوعا وإلكترونيا على الشبكة العنكبوتية.

في الحقيقة لقد شعرنا بصعوبة في إدارة وتيرة العمل في هذا العدد؛ بسبب زيادة ورود المقالات، فعلى سبيل المثال كنا ننشر خمس عشرة مقالة في مجلتنا، وقد بلغ عددها خمسا وعشرين، وذلك بسبب وعدنا الضمني للمؤلفين بنشرها بعد قبول مقالاتهم من قِبل الحكام، ولذلك من الآن فصاعدا سنقوم بتحديد العدد المناسب للمقالات، وسنحاول أن نُعلم المؤلفين بذلك.

نحن كهيئة التحرير في تجاه الانتقادات الموجهة لنا من قِبل الفهارس الدولية ولكي تدخل مجلّتنا في الفهارس الدولية الأخرى التي أماننا ولتطوير جودة محتواها اتخذنا بعض القرارات، ونود أن نشارككم إياها.

ا. تحديد شمول مجلّتنا بسبب سعة مجالاتها (العلوم الاجتماعية والشرعية). في هذا الصدد قمنا بشيئين جديدين. أولاً: حصرنا مجلّتنا في مجال العلوم الشرعية فقط، بعد الآن لن ننشر في مجلّتنا الموضوعات الخارجة عن العلوم الشرعية. ثانياً: قمنا بتحديد نوعية المقالات، فمن الآن فصاعداً لن ننشر إلا مقالة بحثية ومراجعة نقدية للكتب.

ب. تمييز مستوى جودة المقالات في مجلّتنا. فعلى الرغم من أن معظم مقالاتنا قد امتلكت الأصالة والابتكار، كان هناك نقد بأن بعض المقالات كانت دون المستوى المطلوب. ففي الفئة الأولى من المقالات المصنفة من حيث النوع أعلاه، سننشر المقالات البحثية التي تركز على المشكلات التقليدية والحديثة، وتنتج الحلول، وتعمل على المستوى التحليلي في المجالات النظرية والعملية أو تبحث عن إجابات للمشكلات الحالية / الفعلية في هذا المجال؛ أي المقالات التي تكون ذات أطروحة إشكالية. أما في الفئة الثانية، سنفسح المجال للأعمال التعريفية للنشر كالتالي يطلق عليها في الغرب review "المراجعة النقدية" ولا نقصد بهذا المراجعة النقدية السطحية المعروفة في الأوساط التركية. وتقع مسؤوليات هامة على عاتق الحكام في هذا الصدد.

لوصول إلى التعليمات والمبادئ الرئيسية لهذا النوع من الأعمال التعريفية للكتب عليكم الضغط على الرابط الموجود في خيار "سياستنا التحريرية".

ت. ورود المقالات ازداد بشكل كبير، وهذا أدى إلى تكثيف العمل في وتيرة معالجة التحرير وتقييم الحكام، واتخذت هيئة النشر للمحلة القرار بأن لا تبدأ عملية التحكيم للمقالات التي لا تتوافق مع نطاق وسياسة مجلّتنا، والتي لا تمثل لقواعد كتابة المجلة ونظام الاقتباس والمصدر والشكل.

ث. لكي يُقدّم إلى الفهارس ويكون دائماً في قائمة الفهارس على وجه الخصوص، أحد أهم العوامل هو عدد الاقتباسات، إحدى القضايا التي نوقشت في اجتماع المحررين لجامعة سيواس جمهورية "Sivas Cumhuriyet" هي الاقتباس، وطريقة القيام بذلك هي استعراض الفهارس من ناحية؛ والاقتباسات منها من المجالات المتشابهة من حيث النطاق والموضوع في نفس الفهارس من ناحية أخرى؛ لذلك قبل كل شيء يجب أن تسجل مجالات كليات الإلهيات

في تركيا قيدها في الفهارس وأن تساعد المجالات التي ترفع السقف العلمي المجالات الأخرى في هذا الموضوع، ثانياً: يجب على مجالات كليات الإلهيات أن تأخذ المنشورات السابقة بعين الاعتبار في المقالات المكتوبة في نفس الموضوع، ويجب على المؤلفين والمحررين والحكام الانتباه إلى هذا والتنبيه إليه. وينبغي على كل مجلة بدورها القيام بما عليها في التطوير الأكاديمي وزيادة العامل المؤثر.

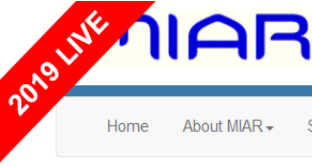

نحن كمجلة "İlahiyat Tetkikleri Dergisi" نستمر في رفع السقف العلمي بالسرعة القصوى، معاييرنا أصبحت واضحة. في خصوص الاستعراض في الفهارس الدولية تم قبول مراجعتنا إلى (ESCI Emerging Sources Citation Index) منذ عام ٢٠١٦. علاوة على ذلك أصبحت مجلتنا تُستعرض في الفهرس Pro-Quest، بمعنى آخر أصبحت مجلتنا مجلة دولية على مستوى فهرس المجال رسمياً.

بعد قبولنا في ESCI، شاركنا في (Web of Science) WoS قاعدة بيانات المنشورات الأكثر أهمية والتي استعرضت المجالات المتعلقة بالعلوم الاجتماعية والفنون والعلوم الإنسانية وأوراق المؤتمرات بانتظام.

ارتقت درجة مجلتنا من ٦,٥ إلى ١٠,٥ في MIAR بعد دخولها في ESCI. وهي الآن في الدرجة الأولى بين المجالات في مجال العلوم الإسلامية. وسيتم تقييم مقالاتنا المنشورة منذ عام ٢٠١٦ في الفئة الدولية، وننتظر الجواب من SCOPUS و EBSCO التي تقع في نفس مستوى ESCI والفهارس المماثلة. هدفنا الحالي هو أن ندخل AHCI (Arts and Humanities Citation Index) و SSCI (Social Sciences Citation Index).
