ARTICLE SUBMISSION ADDRESS

<https://dergipark.org.tr/en/journal/2384/submission/step/manuscript/new>

Our dear readers,

We are proud to publish the second issue of our journal for 2021 with 19 articles. In this issue, there are 17 research articles and 2 case reports. We increase the scientific quality of our journal day by day. We have followed by a wider audience over time. Principally, we want to contribute to international literature at an increasing level and to increase the success bar of our journal by entering indexes such as PubMed, SCI and SCI-Expanded. I would like to thank all authors for submitting articles contributing to both domestic and international literature with their comprehensive scientific content for publication in our journal. We hope that this issue will be useful to our readers.

Sincerely yours.

Assoc. Prof. Dr. Alpaslan TANOGLU
Editor in Chief

Original Article

Surgical nurses' knowledge levels about hemodynamic monitoring.....	85
Evaluation of spleen volume in thoracic computed tomography in patients with COVID-19 pneumonia.....	93
Monocyte/HDL ratio in women with polycystic ovary syndrome and healthy controls.....	98
COVID-19 pandemic and the quality of couples' sexual relationships	104
Determination of measles, rubella, mumps and chickenpox seropositivity of district public hospital healthcare workers	109
Evaluation of long-term effect of tuberculosis chemoprophylaxis in patients using anti tumor necrosis factor alpha agents.....	115
Local plus sedoanalgesia or spinal analgesia in endovascular aortic aneurysm repair experiences in a single center	120
The effect of adding morphine to intratecal bupivacaine on postoperative analgesia in patients with anorectal surgery	124
The relationship between health-related quality of life and demographic characteristics in patients with chronic hepatitis B	130
A comparative study between adolescent and adult patients with pilonidal sinus disease	136
Recurrence rates and factors affecting recurrence after traumatic anterior shoulder dislocation	140
The thorax tomography correlation in COVID-19 RT-PCR positive patients.....	145
The effects of folic acid on vascular reactivity in a hyperhomocysteinemic rat model	151
Nosocomial infection rates of three-years in neurological intensive care unit and relationship to mortality	158

Original Article

The effectiveness of percutaneous nephrolithotomy for the treatment of large impacted upper ureteral stones..... 165

Relationship between vitamin D levels and mortality rates of critically ill patients in intensive care unit 171

Detected frequency of bacteremia in pressure ulcer and the decision to systemic antibiotic 176

Case Report

Angiomyofibrosarcoma of the uterine cervix in a patient with triple negative breast cancer: a case report 181

Alopecia areata after hepatitis C virus infection treatment: a case report 185
