***ARTICLE SUBMISSION ADDRESS***

<https://dergipark.org.tr/tr/journal/2316/submission/step/manuscript/new>

Dear esteemed readers of JHSM,

Here we are again with a new issue. The new issue of JHSM has some very interesting studies. The development of our journal is quite well. We believe it will continue with your support. We try to work with experienced editorial members. Our referees are also in the direction of increasing the quality of the article with their positive criticism. We were very pleased with the contribution of our colleagues, who were psychologically burn out during the COVID-19 pandemic. We should be beneficial to humanity by contributing to science under all challenges. JHSM concentrates on clinical, experimental and metabolic disorders, published quarterly with a peer review system that esteems recognition. Publication is in English towards endocrinology specialists and practitioner medical doctors. JHSM is indexed by the following groups. Throughout its years within the world of international academia our journal has become more and more recognized. Presently our journal has become recognized and sourced by; Directory of open Access Journals (DOAJ), ULAKBIM TR Index. JHSM has a very rigerous review system which starts with pre evaluation for ithenticate analysis. Publications receiving an approval will be sent to editors and staff for proof reading. Articles reciving a page format and a DOI number will be published on our web site as well. The journals excellent team with its rigorous workload manages to execute the total review process in less that two months. With this professional and occupational dedication our first priority is to be indexed under PubMed framework. Receiving the necessary national and international citation our focus will be indexed by SCI-E. To achieve the proposed vision we have to work in collaboration with you devoted contributors. Knowing and appreciating your work load, we ask for more efforts towards submitting more original articles.

Wish you a very healthy and pleasant Holiday Season. Please take care of yourselves and your patients.

Best regards

**Assoc. Prof. Dr. Bekir UÇAN**  
**Assoc. Editor**

**Original Article**

The relationship between sarcopenia and nesfatin-1 and ghrelin levels in patients with chronic obstructive pulmonary disease.....	402
The effect of gender differences on the use of valproic acid for migraine prophylaxis .....	408
A content analysis and evaluation of outcomes of specialty theses in dentistry .....	412
The impact and relationship of inflammatory markers and radiologic involvement in the COVID-19 patients.....	416
The high co-existence rate of <i>Blastocystis</i> and <i>Dientamoeba fragilis</i> in human faecal samples and the analysis of demographic and clinical findings .....	422
Investigation of sinus vein thrombosis cases detected in the emergency department.....	428
The effect of restorative dentistry practices on the vital signs of healthy individuals.....	434
Relationship between the ABO blood group and mortality among the COVID-19 patients .....	441
