## EDITORIAL

---

Our dear readers,

We are proud to publish the third issue of our journal in 2021 with 8 articles. There are 4 research articles and 4 case reports in this issue. We would like to thank all our writers who gave us strength with their articles and scientific support, even though we are in the pandemic process. As time progresses, we are followed by a wider audience. Principally; we want to contribute to the international literature at an increasing level by entering more international indexes and raise the success bar of our journal. In this context, our work continues rapidly. We hope this issue will be useful to our readers.

Kind regards,

**Assoc. Prof. Alpaslan TANOĞLU, MD**  
**Editor in Chief**
