

ARTICLE INDEX

ISSUE 2021/1

Characteristic features of acute postoperative pain after cesarean delivery.....	4(1): 1-6
Investigating anxiety, depression and obsessive-compulsive disorders among the pregnant women during COVID-19 pandemic.....	4(1): 7-12
Spectrum of eyelid lesions—a histopathological study in South India.....	4(1): 13-17
Clinical features and laboratory values associated with disease severity in COVID-19 patients: a single center experience.....	4(1): 18-22
Evaluation of ferric carboxymaltose treatment efficacy in women with postpartum iron deficiency anemia.....	4(1): 23-27
Retrospective analysis of urine culture results in our clinic: determination of pathogen types and antibiotic resistance in our region.....	4(1): 28-32
Investigation of the contribution of concentrated growth factor (CGF) and processed lipoaspirate (PLA) to wound healing in diabetic rats.....	4(1): 33-37
Evaluation of craniometric measurements in human skulls.....	4(1): 38-44
The relationship between renal resistive index and simple hematologic indices in patients with chronic kidney disease.....	4(1): 45-48
An evaluation of risk factors affecting amputation in patients with diabetic foot infection.....	4(1): 49-54
Risk of malnutrition in general surgical patients.....	4(1): 55-62
Awareness among patients taking oral non-steroidal anti-inflammatory drugs as analgesics: a cross-sectional study.....	4(1): 63-70
Outcomes of mTORi-Involving minimized immunosuppression protocols in renal transplantation.....	4(1): 71-77
Urinary tract stone surgery in patients with urinary diversion and vesicostomy: a single center experience.....	4(1): 78-83
The cultural attitudes of nurses and the analysis of the interactive relation between the nurse and the patient.....	4(1): 84-90
The view of #schizophrenia on Twitter (a splitting of the mind in 280 characters).....	4(1): 91-95
Is mean platelet volume better than other long-used non-invasive parameters in assessing severe fibrosis in patients with chronic hepatitis B?.....	4(1): 96-102
Sleep quality and social support in people over 65 years old who have had a quarantine process due to COVID-19.....	4(1): 103-108
Outcomes of delayed graft function in deceased donor kidney transplantation: a single center experience.....	4(1): 109-114
Severe hypokalemia and rhabdomyolysis caused by Conn syndrome.....	4(1): 115-117

ISSUE 2021/2

Stroke in long-term intensive care unit.....	4(2): 118-122
Evaluation of seasonality in the diagnosis of diffuse large B cell lymphoma in Turkey.....	4(2): 123-126
Investigating the relation between upper extremity function and trunk control, balance and functional mobility in individuals with stroke.....	4(2): 127-131
Multidimensional assessment of interoceptive awareness (MAIA 2): psychometric properties of the Turkish version.....	4(2): 132-136
Comparison of the efficacy of different progesterone regimens in blastocyst frozen-thawed embryo transfer cycles.....	4(2): 137-141
The impact of laboratory features and comorbidities on the prognosis of patients with COVID-19.....	4(2): 142-146
The evaluation of sleep quality, anxiety disorder and depression in older adults with Parkinson disease.....	4(2): 147-153
The place of transvaginal ultrasonography saline infusion sonohysterography and hysteroscopy in the diagnosis of abnormal uterine bleedings.....	4(2): 154-159
The effect of phosphorylcholine-coated cardiopulmonary bypass circuits on morbidity and mortality in patients with congenital open cardiac surgery.....	4(2): 160-165
Comparison of hydroxyethylstarch 130/0.4 and ringer's lactate on fibrinogen level in cesarean operations: a randomized clinical trial.....	4(2): 166-169
Factors associated with the development of screw cut-out after the fixation of intertrochanteric femoral fractures with a proximal femoral nail.....	4(2): 170-175
Effect of number of uses on the cyclic fatigue resistance of single-file rotary instruments.....	4(2): 176-180
The effect of normotensive arterial pressure on cerebral saturation during carotid endarterectomy.....	4(2): 181-185
Our results of cardiac surgery performed with a right infra-axillary mini thoracotomy.....	4(2): 186-191
Evaluation of effect of frailty on warfarin compliance among older patients.....	4(2): 192-197
Evaluation of the hematologic indices in patients with thyrotoxicosis with distinct etiologies: a case-control study.....	4(2): 198-202
Efficacy of reduced dose melphalan conditioning for multiple myeloma patients undergoing autologous stem cell transplantation: in the era of combined induction with novel agents.....	4(2): 203-208
Cytotoxicity of two self-adhesive flowable composites on bovine dental pulp-derived cells.....	4(2): 209-212
The effectiveness of electroneuromyography in the early diagnosis of diabetic foot development.....	4(2): 213-218
Antibiotic resistance pattern in Shigella species isolated from children with acute diarrhea in Tabriz city, Iran.....	4(2): 219-222
The frequency and relationship of osteoporosis and vitamin D deficiency in the female geriatric population in Central Anatolia.....	4(2): 223-227

ISSUE 2021/2

Can mini-tracheostomy needle be safer for residency training in percutaneous dilatation tracheostomy applications in intensive care unit?.....	4(2): 228-232
Does red ginseng ameliorate liver damage caused by obstructive jaundice?: an experimental study.....	4(2): 233-239
Can persistent hiccups be a progression marker in COVID-19?	4(2): 240-242
A rare presentation of brucellosis: acute cholestatic hepatitis.....	4(2): 243-245
Spontaneous hemothorax under rivaroxaban treatment.....	4(2): 246

ISSUE 2021/3

Evaluation of pediatric patients presenting with vertigo.....	4(3): 247-251
First-year mortality in living donor kidney transplantation: twelve-year experience from a single center.....	4(3): 252-256
Are thyroid functions affected in children diagnosed with COVID-19?.....	4(3): 257-261
A key challenge in gestational diabetes screening: resistance to oral glucose tolerance test screening and implications for neonatal health.....	4(3): 262-266
Ulcerative colitis may be a risk factor for sensorineural hearing loss.....	4(3): 267-271
Use of frozen-thawed sperm for ICSI improves fertility outcome in men with azoospermia.....	4(3): 272-276
Histological changes in methotrexate hepatotoxicity after boron application and evaluation of serum thiol-disulfide balance.....	4(3): 277-282
The role of colchicine treatment on reproductive outcome in women with Familial Mediterranean Fever.....	4(3): 283-288
Frequency of use and characteristics of complementary and alternative treatment methods by children oncology patients.....	4(3): 289-294
Non-surgical follow-up success in blunt abdominal trauma. Can we protect patients with blunt abdominal trauma from surgery?.....	4(3): 295-299
A relationship between musculoskeletal pain and prognosis in hospitalized COVID-19 patients.....	4(3): 300-305
COVID-19 outpatients and surviving inpatients exhibit comparable blood test results that are distinct from non-surviving inpatients.....	4(3): 306-313
Our experience of laser lithotripsy under local anesthesia in the treatment of bladder stones in obese male patients.....	4(3): 314-321
A new approach to lymphedema following breast cancer treatment with lymphatic endothelial cell markers.....	4(3): 322-328
Determinants of intensive care prognosis in patients with "platelet indices" in chronic obstructive pulmonary disease and lung cancer.....	4(3): 329-333
Immunohistochemical examination of p97/VCP expression in developing mouse pancreas and liver.....	4(3): 334-339
YouTube as an information source during the COVID-19 outbreak: a cross sectional study of Turkish video content.....	4(3): 340-343
Preoperative and intraoperative factors affecting mortality in patients operated on for peptic ulcer perforation: a single center retrospective study.....	4(3): 344-348
Investigation of the effect of tens treatment on cardiac electrical activity using proarrhythmogenic markers.....	4(3): 349-352
Relationship between mean platelet volume and intensive care unit requirement in COVID-19 patients.....	4(3): 353-357
Volume-based dysplasia severity index with the spheric cup method in the evaluation of adult and adolescent acetabular dysplasia.....	4(3): 358-365
Comparison of sympathectomy and cilostazol treatment results in non-revascularized critical leg ischemia.....	4(3): 366-371
The role of YouTube® videos in heart surgery decision.....	4(3): 372-376
Does the fibromyalgia affect the quality of life in the patients with inflammatory bowel disease.....	4(3): 377-382
Comparison of bypass versus primary angioplasty for lower extremity chronic limb-threatening peripheral arterial diseases.....	4(3): 383-387
COVID-19 and myocarditis/myocardial injury.....	4(3): 388-390
Enoxaparin-induced atraumatic acute compartment syndrome of the thigh: a case report.....	4(3): 391-393
Pulmonary involvement in connective tissue disease due to Coronavirus 19: a case report.....	4(3): 394-396
An unexpected complication in a hemodialysis patient: midodrine related A-V fistula dysfunction.....	4(3): 397-399
Autoimmune hepatitis as an overlap of secondary antiphospholipid syndrome.....	4(3): 400-401

ISSUE 2021/4

The relationship between sarcopenia and nesfatin-1 and ghrelin levels in patients with chronic obstructive pulmonary disease.....	4(4): 402-407
The effect of gender differences on the use of valproic acid for migraine prophylaxis.....	4(4): 408-411
A content analysis and evaluation of outcomes of specialty theses in dentistry.....	4(4): 412-415
The impact and relationship of inflammatory markers and radiologic involvement in the COVID-19 patients.....	4(4): 416-421
The high co-existence rate of Blastocystis and Dientamoeba fragilis in human faecal samples and the analysis of demographic and clinical findings.....	4(4): 422-427
Investigation of sinus vein thrombosis cases detected in the emergency department.....	4(4): 428-433
The effect of restorative dentistry practices on the vital signs of healthy individuals.....	4(4): 434-440
Relationship between the ABO blood group and mortality among the COVID-19 patients.....	4(4): 441-444
Effects of essential oils obtained from wild and cultured forms of thyme (Origanum acutidens) on lung cancer cells membrane.....	4(4): 445-450
The evaluation of the cases with extrapulmonary tuberculosis.....	4(4): 451-456
Investigation of factors associated with nausea and vomiting in pregnant women.....	4(4): 457-461

ISSUE 2021/4

Laboratory parameters can be used to differentiate renal infarction and urolithiasis in patients who are admitted to the emergency department with flank pain.....	4(4): 462-465
Adaptation of COVID-19 risk perception and COVID-19 prevention guidelines compliance scales to Turkish: a validity and reliability study.....	4(4): 466-471
Evaluation of non-traumatic intracranial hemorrhages as cause of cardiac arrest in emergency department.....	4(4): 472-476
The predictors of complicated acute appendicitis: large unstained cells, gamma-glutamyl transferase, monocyte to platelet ratio, age and gender.....	4(4): 477-481
The effects of anogenital condylomas on female sexuality and psychology: a case-control study.....	4(4): 482-487
GLIM criteria for the evaluation of nutrition in palliative care patients, a comparison of MNA-SF and NRS-2002.....	4(4): 488-492
Prognostic value of blood gas lactate levels among COVID-19 patients who visited to emergency department.....	4(4): 493-497
The relationship between nutritional status, anthropometric measurements and hemogram parameters in preobese and obese women before and after menopause.....	4(4): 498-504
Predictive value of C-reactive protein/albumin ratio in predicting poor outcome of hospitalized patients with COVID-19.....	4(4): 505-510
The association between PTX3 and serum manganese levels of welders in comparison with controls: An application of anti-inflammatory biomarker.....	4(4): 511-515
Brief review of parathyroid adenoma; problems caused by water clear cells.....	4(4): 516-519
A neonatal case of pial arteriovenous fistulas and the review of literature.....	4(4): 520-523
Flaxseed: a promising alternative for polycystic ovarian syndrome therapy.....	4(4): 524-525

ISSUE 2021/5

Cardiovascular risk factors in polycystic ovary syndrome; the relationship of dyslipidemia and obesity.....	4(5): 526-531
Comparison of the timed limb coordination according to comorbidity level in community dwelling older adults.....	4(5): 532-537
Evaluation of serum perlecan levels in pregnancy with mild and severe preeclampsia.....	4(5): 538-542
Evaluation of factors affecting 90-day mortality in patients hospitalized due to pulmonary thromboembolism.....	4(5): 543-551
The effect of myometrial invasion and histological grade on lymph node metastasis in patient with early stage endometrium cancer.....	4(5): 552-556
The predictive value of systemic immune inflammation index on long-term mortality among patients with acute pulmonary embolism.....	4(5): 557-563
Pre-hospital antithrombotic drug use status of died COVID-19 patients.....	4(5): 564-568
Comparison of short-term results of open and laparoscopic surgery in gastric cancer at a new regional hospital: a single surgeon experience.....	4(5): 569-575
Clinical and epidemiological features of amyotrophic lateral sclerosis in eastern Turkey.....	4(5): 576-581
Extraspinal incidental findings and reporting rates at lumbar spine magnetic resonance imaging: more than a spinal examination?.....	4(5): 582-588
The association between urine pH and abnormal glucose tolerance in adults.....	4(5): 589-597
Contribution of beverages to daily added sugar intake: compliance with guidelines' recommendations.....	4(5): 598-603
Factors affecting occupational burnout in nurses working in a medical oncology clinic.....	4(5): 604-609
Evaluation of mortality and acute kidney injury by KDIGO and RIFLE in patients treated with colistin in the intensive care unit.....	4(5): 610-614
Assessment of Tp-e interval, Tp-e/QT, and Tp-e/QTc ratios, in patients with COVID-19 infected with or without pneumonia.....	4(5): 615-621
Relationship of socioeconomic status and oral-dental health in the Southeastern Anatolia.....	4(5): 622-629
Retrospective analysis of ovarian torsion incidence in 5186 women undergoing controlled ovarian hyperstimulation.....	4(5): 630-633
Comparison of the ability of the shock index, modified shock index and age shock index to predict mortality in geriatric patients with COVID-19 pneumonia.....	4(5): 634-638
Evaluation of the relationship between disease activity and serum bilirubin, albumin, and uric acid levels in Crohn's disease.....	4(5): 639-645
Evaluation of colonoscopic findings in patients undergoing colonoscopy due to positive fecal occult blood test: a single center experience.....	4(5): 646-649
Comparison of trans-articular Kirschner wire fixation and TightRope System for the treatment of acromioclavicular joint injuries.....	4(5): 650-655
Pediatric palliative care: data of the first 13 months of operation.....	4(5): 656-661
Sonographic evaluation of intra-abdominal organs in children with familial Mediterranean fever.....	4(5): 662-665
Evaluation of hematological indices in terms of COVID-19 related mortality and ICU admission.....	4(5): 666-670
Antibiotic resistance of Enterococcus species: 3-year data.....	4(5): 670-674
Head and neck lymphomas from otolaryngology perspective.....	4(5): 675-679
Does fine needle aspiration from a different nodule other than the dominant nodule provide additional benefit in thyroid diseases with nodules?.....	4(5): 680-685
CRP, WBC and monocyte/lymphocyte ratio relation as a preoperative predictive factor for adhesions observed during laparoscopic cholecystectomy.....	4(5): 686-691
Exploring healthcare professionals' views and approaches regarding COVID-19 vaccines.....	4(5): 692-697
The effect of blood gas analysis and Charlson comorbidity index evaluation on the prediction of hospitalization period in patients with diabetic hyperglycemic crisis.....	4(5): 698-702
The effect of vertebral artery characteristics on cervical discogenic pain and disability.....	4(5): 703-709

ISSUE 2021/5

Investigation of the patients' perception on dental treatment and their anxiety levels during the COVID-19 pandemic process.....	4(5): 710-715
The evaluation of postural characteristics in rehabilitation professionals and its effect on pain, quality of life, and sleep level	4(5): 716-721
The impact of COVID-19 on rural population: A retrospective study.	4(5): 722-727
The effect of row number on clinical and life quality outcomes of patients who underwent arthroscopic rotator cuff repair	4(5): 728-734
Direct cost analysis for patients with severe asthma receiving omalizumab treatment.....	4(5): 735-740
The evaluation of sepsis in the emergency department and its association with mortality.	4(5): 741-745
Investigation of the relationship between placenta trace element levels and methylated arginines.	4(5): 746-751
Adolescent suicide: an overview.....	4(5): 752-757
Acute aortoiliac occlusion in a COVID-19 patient.....	4(5): 758-760

ISSUE 2021/6

Comparison of the effect of the intracameral lidocaine anesthesia and subconjunctival lidocaine anesthesia on the development of intraoperative floppy-iris syndrome in cataract surgery.....	4(6): 761-765
Complications with moderate-to-severe COVID-19 during hospital admissions in patients with pneumonia.....	4(6): 766-771
Investigation of the effect of watercress via nuclear factor-E2- related factor-2 pathway on 7,12-dimethylbenz[a]anthracene-induced oxidative damage in rat liver.....	4(6): 772-778
Aortic arch calcification is strongly associated with obstructive sleep apnea	4(6): 779-783
The relationship of sensorimotor and function with activities of daily living and disease specific parameters in patients with rheumatoid arthritis.....	4(6): 784-789
Knowledge and attitude of physicians for the diagnosis and management of obstructive sleep apnea.....	4(6): 790-794
First-line palliative chemotherapy clinical benefit is a key determinant of survival in metastatic uterine leiomyosarcoma.	4(6): 795-799
Dapsone can be a new treatment option for reducing the detrimental effect of priapism.....	4(6): 800-808
Evaluation nutritional status and anthropometric parameters in patients with chronic hepatitis B.	4(6): 809-815
Type D personality and self-esteem in conversion disorder: a case-control study.....	4(6): 816-823
Neutrophil-to-lymphocyte ratio in patients with white-coat hypertension.....	4(6): 824-827
Is macrocytic erythrocyte a new prognostic parameter in critical COVID-19 disease?	4(6): 828-834
Clinical and prognostic evaluation of patients admitted to the COVID-19 pandemic unit of the emergency department.	4(6): 835-839
Volumetric study of tracheal diverticulum: a retrospective analysis in computed tomography.....	4(6): 840-844
Radiological evaluation of spinal canal, dural sac, epidural fat and superior articular process in diagnosis of lumbar spinal stenosis.	4(6): 845-852
Evaluation of 25-hydroxy vitamin D levels in COVID-19 positive patients.....	4(6): 853-857
Relationship between hope and fatigue levels in cancer patients.	4(6): 858-864
The effect of COVID-19 pandemic on inguinal hernia emergencies.....	4(6): 865-870
Hypofractionated radiotherapy results of patients with malign glioma aged 60 and over.....	4(6): 871-875
Pain catastrophizing in migraine patients and associated factors.	4(6): 876-881
The effect of body mass index on osteoporosis and fracture risk in patients with type 2 diabetes mellitus.....	4(6): 882-885
Hypochoic nodule structure increases non-diagnostic rate of thyroid fine needle aspiration biopsy.....	4(6): 886-891
The role of ECG as a mortality predictor in COVID-19 patients treated in the intensive care unit.....	4(6): 892-896
Evaluation of the diagnostic efficiency of systemic inflammation index in prostate biopsy.....	4(6): 897-900
Analysis of Helicobacter pylori positiveness and upper gastrointestinal system endoscopy results of Yozgat region in Turkey.....	4(6): 901-906
Distribution of clinical isolates obtained from sterile body fluids: a four-year retrospective data.....	4(6): 907-911
Silicosis and methylated arginines/L-arginines: case-control adapted a cross-sectional design.	4(6): 912-918
Impact of quality of life on nutritional risk and malnutrition: a cross-sectional study in elderly patients.....	4(6): 919-926
A reliable source of information on botulinum toxin injection used in the treatment of spasticity: YouTube	4(6): 927-930
Single-center experience of childhood Hodgkin lymphoma treated without radiotherapy.....	4(6): 931-935
The spectrum of underlying diseases in children with autoimmune hemolytic anemia.....	4(6): 936-942
Transplantation for ultra high-risk neuroblastoma patients: effect of tandem autologous stem cell transplantation.....	4(6): 943-948
The relationship between preoperative anxiety level, ABO blood types and birth outcomes in cesarean sections.....	4(6): 949-953
Is there a relationship between the liver SUVmax values in FDG-PET/CT imaging and non-alcoholic fatty liver disease score?.....	4(6): 954-959
Evaluation of studies on molecular biology and genetics related to COVID-19 with data mining.....	4(6): 960-966
Interference of high dose intravenous vitamin C with blood glucose testing in a patient with COVID-19 infection.....	4(6): 967-969

SUBJECT INDEX

SYMBOLS

25-hydroxy vitamin D, 4(6): 853-857

A

Abnormal uterine bleeding, 4(2): 154-159
ABO blood types, 4(6): 949-953
Acetabular dysplasia assessment, 4(3): 358-365
Acetabular dysplasia, 4(3): 358-365
Acetabular volume, 4(3): 358-365
Acetylsalicylic acid, 4(5): 564-568
Acromioclavicular joint, 4(5): 650-655
Acute appendicitis, 4(4): 477-481
Acute arterial thrombosis, 4(5): 758-760
Acute cholestatic hepatitis, 4(2): 243-245
Acute kidney injury, 4(5): 610-614
Acute limb ischemia, 4(5): 758-760
Added sugar, 4(5): 598-603
Adenomas, 4(4): 516-519
Adolescent, 4(5): 752-757
AF, 4(6): 892-896
Age shock index, 4(5): 634-638
Ageing, 4(5): 532-537
Albumin, 4(1): 96-102, 4(5): 639-645, 4(4): 505-510
Alternative medicine, 4(3): 289-294
Amputation, 4(1): 49-54
Amyotrophic lateral sclerosis, 4(5): 576-581
Analgesics, 4(1): 63-70
Anemia, 4(1): 23-27, 4(4): 428-433, 4(4): 498-504
Angiogenesis, 4(5): 538-542
Angioplasty, 4(3): 383-387
Anthropometric measurements, 4(1): 55-62, 4(4): 498-504
Anthropometry, 4(1): 38-44
Antibiotic sensitivity, 4(1): 28-32
Anticancer, 4(4): 445-450
Anticoagulant treatment, 4(3): 391-393
Anti-inflammatory properties, 4(2): 233-239
Antimicrobial stewardship, 4(5): 670-674
Anti-mullerian hormone, 4(5): 526-531
Antioxidant properties, 4(2): 233-239
Antithrombotic, 4(5): 564-568
Anxiety, 4(1): 7-12, 4(1): 103-108, 4(2): 147-153, 4(5): 710-715
Aorta, 4(6): 779-783
Aortic occlusion, 4(5): 758-760
Appendectomy, 4(4): 477-481
Approach towards vaccines, 4(5): 692-697
Arginine, 4(6): 912-918
Arthralgia, 4(3): 300-305
Arthroscopy, 4(5): 728-734
Article, 4(4): 412-415
Aspartate aminotransferase to platelet ratio index, 4(1): 96-102
Assessment, 4(6): 790-794
Associated factors, 4(2): 170-175, 4(4): 457-461
Asthma management, 4(5): 735-740
Asymmetric dimethyl arginine, 4(6): 912-918
Atraumatic, 4(3): 391-393
Attitude, 4(6): 790-794
Attitudes, 4(1): 84-90
Audiometry, 4(3): 267-271
Autoimmune hemolytic anemia, 4(6): 936-942
Autologous stem cell transplantation, 4(2): 203-208
Autophagy, 4(5): 538-542
AV fistula, 4(3): 397-399
Azoospermia, 4(3): 272-276

B

Bacteriuria, 4(1): 28-32
bDPCs, 4(2): 209-212
Beck depression inventory, 4(5): 604-609
Benign paroxysmal vertigo, 4(3): 247-251
Bilirubin, 4(5): 639-645
Biopsy, 4(6): 897-900
Birth outcomes, 4(6): 949-953
Birth rates, 4(3): 283-288
Birth weight, 4(5): 746-751
Bladder, 4(3): 314-321
Blastocystis, 4(4): 422-427
Blood gas analysis, 4(5): 698-702
Blood groups, 4(4): 441-444
Blood pressure, 4(4): 434-440
Blood test results, 4(3): 306-313
Blunt trauma, 4(3): 295-299
Body awareness, 4(2): 132-136
Body composition, 4(6): 809-815
Body mass index, 4(5): 526-531
Body temperature, 4(4): 434-440
Body weights and measures, 4(6): 809-815
Body-mind, 4(2): 132-136
Bone mineral density, 4(2): 223-227, 4(6): 882-885
Boric acid, 4(3): 277-282
Botulinum toxin, 4(6): 927-930
Brucellosis, 4(2): 243-245

C

Caesarean section, 4(6): 949-953
Calcinosis, 4(6): 779-783
Caloric soda, 4(5): 598-603
Cancer, 4(3): 289-294, 4(6): 858-864
Carcinomas, 4(4): 516-519
Cardiac arrest, 4(4): 472-476
Cardiopulmonary bypass, 4(2): 160-165
Care, 4(1): 84-90
Carotid endarterectomy, 4(2): 181-185
Cataract, 4(6): 761-765
Cell culture, 4(2): 209-212
Central Anatolia, 4(2): 223-227
Cerebral arteriovenous malformation, 4(4): 520-523
Cervical vertebrae, 4(5): 703-709
Cesarean operations, 4(2): 166-169
Cesarean, 4(1): 1-6
CGF, 4(1): 33-37
CHAID, 4(3): 353-357
Chalazion, 4(1): 13-17
