EDITORIAL

Our dear readers,

We are happy to publish the third issue of our journal for 2022 with 40 articles. In this period when the COVID-19 pandemic has lost its power, we agree that we should devote a significant part of our strength to scientific articles. As we mentioned before, we want to contribute to international literature at an increasing level and to increase the success bar of our journal by entering valuable international indexes. I would like to thank all authors for submitting articles contributing to both domestic and international literature with their comprehensive scientific content for publication in our journal. We hope that this issue will be useful to our readers.

Sincerely yours

Assoc. Prof. Alpaslan TANOĞLU, MD
Editor-in-Chief
