

Contents

Volume: 7, Issue: 2, Year: 2022

Use of F-type Fly Ash in Cement Mortar with Alternative Mixing Methods (Research Article)	Arife Akin, Marwan Alithawi	41-52
Modification of PVDF Membranes Using Dopamine/Zinc Oxide for Lead Removal from Aqueous Media (Research Article)	İrem Sevim Üçel, Elif Demirel	53-73
Synthesis and Photophysical Properties of Pyrene-BODIPY Functionalized Subphthalocyanine Dyad (Research Article)	Seda Çetindere	74-80
Fractal adsorption characteristics and statistical analysis approach of complex dye molecule on metal oxide particles—A case study of Reactive Black 5 (RB 5) adsorption onto NiO nanoparticles (Research Article)	Ferda Gönen, Gizem Biçer	81-93
Investigation of the Effects of Unidirectional Compression on the Hardness of High-Density Polyethylene Materials (Research Article)	Erkin AKDOĞAN	94-102
