AIM AND SCOPE

“International Journal of Agriculture, Environment and Food Sciences” (JAEFS) is an international journal, which publishes original research and review articles dealing with Agriculture, Environment and Food Sciences.

JAEFS Journal is an international, scientific, open access periodical published in accordance with independent, unbiased, and doubleblinded peerreview principles.

Journal publishes Quarterly (March, June, September, December).

The publication language of the journal is English and continues publication since December 2017.

A Digital Object Identifier (DOI) number has been assigned for each article accepted to be published in JAEFS, starting from December 2017.

International Journal of Agriculture, Environment and Food Sciences are as of interest include, but are not limited to: Agricultural Engineering and Technology, Environmental Engineering and Technology, Food Engineering and Technology, Agriculture, Environment, Food, Agriculture History, Agricultural Economics, Agronomy, Animal Sciences, Aquaculture, Biochemistry, Biotechnology, Bioinformatics and Data Science, Crop Science, Dairy Science, Extension Science and Education, Entomology, Environmental Science, Fish and Fisheries, Food Processing, Food Chemistry, Food Culture, Food Health and Nutrition, Food History, Food Industry Development, Food Marketing, Food Policy and Practices, Food Safety, Forestry, Horticulture, Information Technologies and Systems, Irrigation, Molecular Biology, Organic Agriculture, Plant Physiology, Plant Breeding, Plant Protection, Plant Sciences, Precision Agriculture, Rural Development and Policy, Sustainable Agriculture, Soil Science, Plant Nutrition, Energy Crops, Veterinary, Water Resources.

Open Access Statement

International Journal of Agriculture, Environment and Food Sciences (JAEFS) publishes fully open access journal, which means that all articles are available on the internet to all users immediately upon publication.

All the original articles and review papers published in JAEFS journal are free to access immediately from the date of publication.

Price Policy

In order to start the evaluation process of the articles sent to the International Journal of Agriculture, Environment and Food Sciences, an Editorial Processing Charges (EPCs) will be requested.

This fee will be requested regardless of the acceptance/rejection condition of the article.

Authors pay a one-time Editorial Processing Charges (EPCs) to

cover the costs of peer review administration and management, professional production of articles in PDF and other formats, and dissemination of published papers in various venues, in addition to other publishing functions. Please note that the option to process an advance payment remains but does not guarantee acceptance of manuscripts.

International Journal of Agriculture, Environment and Food Sciences (JAEFS) don't charge any fees for any reader to download articles and reviews for their own scholarly use.

Users are allowed to read, download, copy, distribute, print, search, or link to the full texts of the articles, or use them for any other lawful purpose, without asking prior permission from the publisher or the author. This is in accordance with the BOAI definition of open access.

Copyright of the layout and design of International Journal of Agriculture, Environment and Food Sciences articles remains with the journal and cannot be used in other publications.

International Journal of Agriculture, Environment and Food Sciences also operates under the Creative Commons Licence CC-BY-NC.

All authors publishing with the JAEFS accept these as the terms of publication.

Benefits of open access for Authors include:

Free access for all users worldwide

Authors retain copyright to their work

Increased visibility and readership

Rapid publication

No spatial constraints

Copyright Policy

Authors who publish with International Journal of Agriculture, Environment and Food Sciences (JAEFS) agree to the following terms:

Authors transfer the copyright to International Journal of Agriculture, Environment and Food Sciences (JAEFS). Authors, however, upon the publication of their work, can republish it in another journal or book provided that they obtain the permission of the Journal. Moreover, they are to include the note indicating that their work has first been published in International Journal of Agriculture, Environment and Food Sciences (JAEFS) and the link to their work in the journal.

Authors, upon the publication of their work, can publish it in online environments and/or social networks (personal webpages, course content websites, Facebook, etc.). However, they also provide the link to the work as published in the journal.

“International Journal of Agriculture, Environment and Food Sciences” journal is licensed under a Creative Commons Attribution 4.0 International License

INSTRUCTIONS TO AUTHORS

MANUSCRIPT PREPARATION

Please read all of the following manuscript preparation instructions carefully and in their entirety. The manuscript must be in good scientific English; this is the author's responsibility.

All authors must have read and approved the most recent version of the manuscript.

Manuscripts can only be submitted through the International Journal of Agriculture, Environment and Food Sciences

online manuscript submission and evaluation system

Manuscripts submitted via any other medium will not be processed.

Manuscripts submitted to the International Journal of Agriculture, Environment and Food Sciences will first go through a technical evaluation process where the editorial office staff will ensure that the manuscript has been prepared and submitted in accordance with the journal's guidelines.

Submissions that do not conform to the journal's guidelines will be returned to the submitting author with technical correction requests.

The journal management requires that all authors register to ORCID at <http://orcid.org/register> and get a free ORCID ID.

All submissions are screened by a similarity detection software.

We are using iThenticate plagiarism solution and our maximum allowed score, for the document in which the Materials and Methods and References sections truncated, is 20%. Higher scores are not allowed and the author will be given the plagiarism report and the manuscript will be returned to the authors.

You may download the International Journal of Agriculture, Environment and Food Sciences

Manuscript Template here.

MANUSCRIPT STRUCTURE

Font

Manuscripts must be prepared as a Microsoft Word file.

Word document, Times New Roman, 10 point, single line space.

Page margins are 2.5 for all sides.

Length

Maximum length for articles is 20 pages.

Articles over 20 pages in length can only be considered on an exceptional basis.

Title

A concise title of the paper.

Use bold 14-point Times Roman font.

Use title lowercase.

Make title in centered.

Name(s) and surname(s) of author(s)

Use centered, bold 10-point Times Roman font.

Affiliation(s) of author(s)

Use 8-point Times Roman font.

E-mail address of the corresponding author

Use 8-point Times Roman font.

ORCID(s) of author(s)

Use 8-point Times Roman font.

The journal management requires that all authors register to ORCID at <https://orcid.org/register> and get a free ORCID ID.

Abstract

Each article is to be preceded by a succinct abstract, of up to 200 words, that highlights the objectives, methods, results, and conclu-

sions of the paper. The abstract should state briefly the purpose of the research, the principal results and major conclusions.

The abstract body is typed in Times New Roman, 10 pt.

Keywords

About four Keyword or phrases in order of importance, separated by commas and typed in Times New Roman, 10 pt.

Headings

Use bold, lowercase, 10 Times New Roman font for headings.

Introduction

This should define the problem and, if possible, the frame of existing knowledge.

Please ensure that people not working in that particular field will be able to understand the intention.

The word length of the introduction should be 150 to 300 words.

Materials and Methods

Materials and methods should be clearly presented to allow the reproduction of the experiments.

Results and Discussion

Results should be clear and concise and give the significance of the results of the work. Data must not be repeated in figures and tables.

Discussion should interpret the results in reference to the problem outlined in the introduction and of related observations by the author/s or others.

Implications for further studies or application may be discussed.

Conclusion

A conclusion should be added if results and discussion are combined.

Tables and Figures

Tables should have a short descriptive title.

The unit of measurement used in a table should be stated.

Tables should be numbered consecutively.

Figures should be prepared in GIF, TIFF, JPEG or PowerPoint.

Tables and Figures should be appropriately cited in the manuscript.

Acknowledgments

Acknowledgments of financial support, advice, or other kinds of assistance should be given at the end of the text under the heading "Acknowledgements". The names of funding organizations should be written in full.

References

They should be grouped at the end of the paper in surname order of appearance.

Use lowercase, 10 Times New Roman font for References.

The references must be written in alphabetical order by authors' names,

with the following elements:

Original Papers

Surname, N.N., Surname, N.N. (Year). The full title of the article. Journal Name, volume, and issue, first and last page. DOI number.

Book or Proceeding

Surname, N.N., Surname, N.N. (Year). Title of the contribution. In: Title of the book or proceeding. Volume (Publisher, City, first and last page

Thesis

Surname, N.N. (Year). Title of the thesis, University and Faculty, City, pages.
