

CONTENTS

RESEARCH ARTICLES

1. Magnetopriming enhance germination and seedling growth parameters of onion and lettuce seeds Mustafa Emre SARI İbrahim DEMİR Kutay YILDIRIM Nurcan MEMİŞ	468
2. Plate waste in food service: Nudging intervention Yasemin ERGÜL Sedat ARSLAN Ramazan Mert ATAN Kezban ŞAHİN	476
3. Pioneering anther culture-based embryogenesis in <i>Solanum aethiopicum</i> L. Flavien SHİMİRA Ecem KARA Hatıra TAŞKIN	488
4. Postharvest mycobial contaminants of white button mushroom (<i>Agaricus bisporus</i>) and their management using plant essential oils Hari Sharan ADHİKARİ Sanjay Kumar JHA	500
5. Determination of fruit characteristics of some fig genotypes (<i>Ficus carica</i> L.) obtained by selection breeding in the eastern Mediterranean region Remzi UĞUR Muhammet Ali GÜNDEŞLİ Hacı Osman ÖZATAR Mesut ÖZEN Serkan ARAS	508
6. Exploring the relationship between leaf water potential, defoliation, and grape berry physical properties of Merlot (<i>Vitis vinifera</i> L.) grapevine Serkan CANDAR İlknur KORKUTAL Elman BAHAR Fatma Betül AKTAŞ	517
7. The effect of two isolates of <i>Beauveria bassiana</i> (Bals.) Vull. on the larvae of confused flour beetle [<i>Tribolium confusum</i> du Val., 1863 (Coleoptera: Tenebrionidae)] Alime BAYINDIR EROL Oktay ERDOĞAN İsmail KARACA	533
8. Optimizing phosphine fumigation efficiency in hazelnut industry: Determining optimal exposure time for stored product pest control Ali GÜNCAN Yunus Emre ALTUNÇ Şaziye KARAYAR Tuğba Nisa BAHAT Ekim YÜKSEL SEZER	540
9. Comparison of physical and quality characteristics of silage maize and silage sorghum under deficit irrigation conditions Mualla KETEN GÖKKUŞ Hasan DEGİRMENCİ	550
10. Hazard and risk assessment in a dairy products factory in Iğdır province using the Fine Kinney Risk Method: recommendations for mitigation Okan ÖZBAKIR	563
11. Anatomical observations on formation and development of adventitious root primordium in canes of <i>Vitis</i> sp. Zeliha GÖKBAYRAK Hakan ENGIN	573
12. Chemical composition of meat from different species of animals Büşra YARANOĞLU Muhittin ZENGİN Makbule GÖKÇE Özlem VAROL AVCILAR Beşir Berhun POSTACI Çiğdem ERDOĞAN Emre ODABAŞ	581
13. The utilization of vaporized ethyl pyruvate for decontamination of lettuce from <i>E. coli</i> O157:H7 Gülsüm UÇAK ÖZKAYA	588
14. Examination of crop pattern change in the economic sustainability of agriculture Naciye TOK Renan TUNALIOĞLU Ferit ÇOBANOĞLU	596
15. Determination of the tolerance of physiological, morphological, and yield parameters of landrace durum wheat (<i>Triticum durum</i> Desf.) to high-temperature stress Mustafa OKAN Aydın ALP Kamil HALILOĞLU	607
16. Environmental effects of tourism activities in Niksar Çamiçi Plateau in the context of sustainable tourism: a qualitative research Cemil GÜNDÜZ Onur ATAK	621

CONTENTS

17. A study on bitter gourd (<i>Momordica charantia</i> L.) callogenesis optimization based on hormone balance and explant types Tugce OZSAN KILIC Ahmet Naci ONUS	633
18. Unveiling the phytochemical variability of fatty acids in world marigold (<i>Calendula officinalis</i> L.) germplasm affected by genotype Muzaffer BARUT Leyla Sezen TANSI Şengül KARAMAN	639
19. Impact of gamma radiation on the agronomic properties of naked barley genotypes Namuk ERGÜN Güray AKDOGAN Saime ÜNVER İKİNCİKARAKAYA	650
20. Determination of free, esterified, bound bioactive compound contents of <i>Euphorbia cyparissias</i> organs and their biological activities Asliye KARAASLAN	660
21. Effects of postharvest edible coating applications on storage life and quality of some apple cultivars Tuba DİLMAÇÜNAL Emine YİĞİT	669
22. Effect of phosphorus fertilization on phenolic compounds and antioxidant activity in <i>Galanthus elwesii</i> Hook. Ebru BATI AY Şevket Metin KARA Muhammed Akif AÇIKGÖZ	690
23. Determining the energy balances of black carrot cultivation in Türkiye Keziban YALÇIN DOKUMACI	696
24. Export competitiveness of Türkiye's agricultural machinery and equipment sector Zeynep AKTAŞ ÇİMEN Can ERTEKİN	703
25. Morphological, biochemical and health promoting properties in seed propagated quince fruits found in coruh valley in Türkiye Gülçe İLHAN	718
