<https://dergipark.org.tr/en/journal/2384/submission/step/manuscript/new>

Dear Colleagues,

We are proud to publish the fourth and final issue of Anatolian Current Medical Journal (ACMJ) in 2023. The quality of our journal is increasing day by day. We want to contribute to international literature at an increasing level and raise the bar of success for our journal by entering valuable international indexes such as SCI-Expanded, Scopus, and Pubmed in the near future. We would like to thank the editors who contributed to our journal, the authors who sent their articles, and everyone who contributed to the publication of the issue.

Sincerely

Prof. Dr. Aydın IFCI
Editor in Chief

Original Article

The effect of thirdhand smoke belief on intention to quit smoking	305
What is the role of sensitization in carpal tunnel syndrome where pain impacts functional capacity?.....	311
Exploring the impacts of Pycnogenol on pentraxin-3 levels in the heart tissue of rats administered with gentamicin	317
The relationship between insomnia and acute postoperative pain: a case-control study on laparoscopic cholecystectomy patients.....	323
Hemoglobin red cell distribution width ratio as a prognostic marker in patients with locally advanced lung adenocarcinoma	329
The initial symptoms in multiple sclerosis: clinical and demographic data of Çorum province	334
Nitric oxide therapy in COVID-19 patients with acute respiratory distress in intensive care unit	339
Surgically treated pneumonic-type lung adenocarcinoma with long survival characteristics.....	345
The relationship between oral and dental health and appendicitis	350
Predialysis education program and early vascular access: a single center experience	355
Turkish children myopia progression in the urban area, a retrospective evaluation.....	360
The diagnostic accuracy of coronary angiography to detect left anterior descending artery myocardial bridging in coronary artery bypass grafting: a retrospective single-center study	364
Inquiring about the link between urotensin-II and coronary collateral development in coronary artery patients with and without diabetes	371
Anti-Müllerian hormone and HOMA-IR in different phenotypes of polycystic ovary syndrome on insulin resistance.....	376

Original Article

The role of hormonal status, morphological subtypes and proliferative marker Ki-67 labeling index on long-term outcomes in patients with acromegaly: a single tertiary center's experience.....	383
Evaluation of immunochromatography method in the diagnosis of cystic echinococcosis	389
Comparison of anti-HCV seroprevalence of patients who underwent cataract surgery and other ophthalmic procedures.....	395
Pneumococcal and influenza vaccine awareness in individuals over 65 years	398
Evaluation of gynecology and gynecologic oncology cases who received massive blood transfusion: a tertiary center experience	405
Does vitreous galactin-3, copeptin and retina binding protein-4 concentrations change in diabetic retinopathy?	411
The new score predicts 1-year poor outcome in patients with successful percutaneous coronary intervention: Naples prognostic score	416
Evaluation of variants in maturity onset of diabetes young related genes in Balikesir region.....	421
The effect of direct-acting antivirals (DAA) on confirmed noninvasive fibrous parameters in chronic hepatitis C patients.....	426
Evaluation of distribution and susceptibility of microorganisms isolated from joint fluid cultures: five-year data.....	432
Single-center experience of cubital tunnel syndrome surgery performing transposition or internal neurolysis with external decompression under regional intravenous anesthesia technique	438
Evaluation of hematological parameters in the differentiation of bile reflux gastritis and <i>Helicobacter pylori</i> gastritis in children.....	445
Prognostic significance of prognostic nutritional index and hemoglobin to red cell distribution width ratio in metastatic colorectal cancer patients.....	449
Effect of different tea brands on color change of flowable resin composite.....	454

Original Article

Evaluation of the risk of developing atrial fibrillation with new electrocardiographic parameters in patients with primary hyperparathyroidism 459

Evaluation of cardiovascular risk factors, prevalence and determinants of coronary artery disease in renal transplant patients: a single center experience..... 464

The prevalence of anomalies in the lumbar spine in the Turkish male population 470

Evaluation of the efficacy of intralesional triamcinolone injection therapy in patients with granulomatous mastitis: a comparative study with oral methylprednisolone..... 473
