ANKARA YILDIRIM BEYAZIT UNIVERSITY

JOURNAL OF TURKISH OPERATIONS MANAGEMENT

ISSN 2630-6433 e-ISSN 2630-6433

Journal of Turkish Operations Management (JTOM) issued by Ankara Yıldırım Beyazıt University (AYBU) is an international peer-reviewed online academic journal published in English, Turkish, Farsi and Arabic in all fields of industrial engineering for any query. JTOM addresses the theoretical framework, models, computational studies, and conceptual development of operations research together with current developments and practices. This journal combines the high standards of a traditional academic approach with the practical value of applications. Hence, JTOM aims to create an academical platform for the exchange of ideas and the presentation of new achievement in theory and application, wherever engineering and science meet the administrative and economic environment by applying operational research, and constructive suggestions on optimizing the current resources.

### **Current Publication Schedule**

The journal published two times per year (June-December). The journal covers theoretical and some applied aspects of science and technology and informs the reader of new trends in basic science and technology. JTOM accepts submissions in the form of research articles, review articles, and short notes.

### **Manuscript Evaluation Process**

The journal uses an online submission system through DergiPark®. The manuscript, along with all the files, is uploaded to DergiPark® online submission system which is available at the link <https://dergipark.org.tr/en/pub/jtom>

### **Open Access Policy**

The Journal is an open access journal which means that all content is freely available without charge to the user or his/her institution. Users are allowed to read, download, copy, distribute, print, search, or link to the full texts of the articles in this journal without asking prior permission from the publisher or the author. All articles published are available on the journal web page <https://aybu.edu.tr/jtom/> and also DergiPark® system <https://dergipark.org.tr/en/pub/jtom>

### **Publication Fees**

There is no submission, evaluation or publication fee for this journal. All accepted articles are freely available online upon publication.
