MATHEMATICAL SCIENCES AND APPLICATIONS E-NOTES

Honorary Editor-in-Chief

H. Hilmi Hacısalihođlu
Emeritus Professor, Türkiye

Chief Editors

Murat Tosun
Department of Mathematics
Faculty of Sciences, Sakarya University
Sakarya-Türkiye
tosun@sakarya.edu.tr

Emrah Evren Kara
Department of Mathematics
Faculty of Arts and Sciences Düzce University
Düzce-Türkiye
eevrenkara@duzce.edu.tr

Managing Editors

Mahmut Akyiđit
Department of Mathematics
Faculty of Sciences, Sakarya University
Sakarya-Türkiye
makyigit@sakarya.edu.tr

Editorial Board of Mathematical Sciences and Applications E-Notes

Kahraman Esen Özen
Çankırı Karatekin University
Türkiye

Martin Bohner
Missouri University of Science and Technology
USA

Marcelo Moreira Cavalcanti
Universidade Estadual de Maringá
Brazil

David Cruz-Uribe
The University of Alabama
USA

Roberto B. Corcino
Cebu Normal University
Philippines

Juan Luis García Guirao
Universidad Politécnica de Cartagena
Spain

Snezhana Hristova
Plovdiv University
Bulgaria

Taekyun Kim
Kwangwoon University
South Korea

Anthony To-Ming Lau
University of Alberta
Canada

Tongxing Li
Shandong University
P. R. China

Mohammed Mursaleen
Aligarh Muslim University
India

Ioan Raşa
Technical University of Cluj-Napoca
Romania

Reza Saadati
Iran University of Science and Technology
Iran

Technical Editor

Bahar Doğan Yazıcı
Department of Mathematics
Faculty of Science
Bilecik Şeyh Edebali University, Bilecik-Türkiye
bahar.dogan@bilecik.edu.tr

Arzu Özkoç Öztürk
Department of Mathematics
Faculty of Arts and Science
Düzce University, Düzce-Türkiye
arzuozkoc@duzce.edu.tr

Contents

1	On New Pell Spinor Sequences <i>Tülay ERİŞİR, Gökhan MUMCU</i>	155-168
2	Inextensible Flow of Quaternionic Curves According to Type 2-Quaternionic Frame in the Euclidean Space <i>Önder Gökmen YILDIZ, Hazer USTA</i>	169-177
3	Taylor's Power Law and Packing Circles <i>Oğuzhan KAYA, Zeki TOPÇU</i>	178-186
4	Lacunary Statistically Convergence via Modulus Function Sequences <i>Erdal BAYRAM, Çiğdem BEKTAŞ</i>	187-195
5	Characterizations of Some New Classes of Four-Dimensional Matrices on the Double Series Spaces of First Order Cesàro Means <i>Okan BODUR and Canan HAZAR GÜLEÇ</i>	196-206
