

SUBJECT INDEX

TITLE	PAGE
A	
Aesthetic rehabilitation of a case of polydistema with direct composite restoration: case report, 2-year follow-up.....	118
B	
Benign neoplasms of gingiva and alveolar mucosa	58
C	
Comparison of two different types of molar distalization appliance.....	46
D	
Determining the knowledge levels and opinions of high school students aged between 13- 17 about fluoride in toothpastes	69
E	
Evaluation of error types seen in digital panoramic radiographs.....	73
Evaluation of parents' attitudes and behaviors towards products and practices containing fluoride.....	102
Evaluation of the effect of different fiber reinforced composite resins on the flexural strength of Bulk Fill composite resin.....	79
Evaluation of the effect of orthognathic surgery on alveolar bone level: a cone-beam computed tomography study	29
Examination of stresses created by zygomatic and dental implants applied in combined form and implants placed with the "All-on-Four" technique in bilateral atrophic maxilla by finite element analysis	86
Experimental investigation of the effect of elagic acid on bone healing.....	10
I	
Immediate loading and Hind's technique.....	110
Immediate loading of all-on-4 concept: 12 months follow-up.....	25
Investigation of stress occurring on fixation systems and mandibular bone in fixation of mandible symphysis fractures with different plate systems.....	1
Investigation of the effect of denosumab and ozone application on bone healing in critical size bone defects.....	38
Investigation of the knowledge level of allied health professionals in a faculty of dentistry about dental avulsion	6
O	
Oil pulling in dentistry	92
R	
Rare benign fibroosseous lesion in the mandibular angulus: a case presentation.....	121
Retrospective assessment of dental implant applications: cross-sectional study.....	96
S	
Surgical treatment of chronic sinus pain developing after dental implant placement: a case report with 3-month follow-up.....	65
T	
The use of gingival crevicular fluid as a potential biomarker for periodontal disease.....	19
