## AIMS AND SCOPE

The aim of the **Erzincan University Journal of Science and Technology** is to publish original research articles and reviews made in the fields of Science, Engineering in order to create a quality academic contribution in these fields.

Research areas covered in the journal:

- Physics, Chemistry, Biology, Mathematics and related areas
- Mechanical, Electrics-Electronics, Civil and related engineering areas
- Health sciences and related areas

## **Open Access Policy**

Erzincan University Journal of Science and Technology is an open access journal which means that all content is freely available without charge to the user or his/her institution. Users are allowed to read, download, copy, distribute, print, search, or link to the full texts of the articles, or use them for any other lawful purpose, without asking prior permission from the publisher or the author. Erzincan University Journal of Science and Technology signed the Budapest Open Access Declaration (<https://budapestopenaccessinitiative.org/>).
