Süleyman Demirel University Faculty of Arts and Science Journal of Science is a peer-reviewed scientific journal published semi-annually, in May and November.

Original scientific research articles submitted in English in the fields of Biology, Physics, Chemistry and Mathematics are continued in the scientific review process after the preliminary evaluation stage, where similarity and layout checks are made.

No fee is charged from the author or institution under any name.

Special numbers/issues can be published without changing the periodic publication frequency during the year.

Since 2017; technical notes, letters to the editor, discussions, case reports and reviews are not accepted.

As of 01.01.2023, Süleyman Demirel University Faculty of Arts and Sciences Journal of Science only accepts studies submitted in English.

Süleyman Demirel University Faculty of Arts and Science Journal of Science (SDUFASJS) takes into account the principles published by the Higher Education Institutions Scientific Research and Publication Ethics Directive and “Committee on Publication Ethics” (COPE). In this context, the issues that are important for the authors, referees and editors are specified in the “Ethical Principles and Publication Policy” page of the journal website.
