The author(s) agrees that:

**Originality of the Submission**

The submitted manuscript (including the text, tables, figures, graphs, images, and any other related content) is original and, has not been submitted to another journal for publication, has not been published before in whole or in part.

**Validity of the Agreement**

If the article is not accepted for publication in the **Universal Materials and Physics** the agreement will expire, and both the journal and the Publisher will not have any rights over the content. In addition, the confidentiality of all processes of the article, including the refereeing process, will be protected by UMP.

**Using Third-Party Materials**

The authors guarantee that the article (including the text, tables, figures, graphs, images, and any other related content) does not infringe any personal or property rights of others.

The authors undertake that Sakarya University and Journal Editors are not responsible for any claims or lawsuits to be filed by third parties due to copyright infringement, and all responsibility belongs to the authors.

**Copyright, License, and Rights**

By signing this form, authors agree that the article, if accepted for publication by the **Universal Materials and Physics**, will be licensed under a Creative Commons AttributionNonCommercial 4.0 International License (CC BY-NC), which allows third parties to share and adapt the material for only non-commercial purposes by giving the appropriate credit to the original work. For further details on the license CC BY-NC 4.0, please see <https://creativecommons.org/licenses/by-nc/4.0/deed.en>. The authors retain all patent and other proprietary rights to the article, including copyright.

**Authorship**

Each individual listed as an author should fulfill the authorship criteria recommended by the International Committee of Medical Journal Editors (ICMJE-<http://www.icmje.org/>). The ICMJE recommends that authorship should be based on the following 4 criteria: (1) Substantial contributions to the conception or design of the work; or the acquisition, analysis, or interpretation of data for the work; (2) Drafting the work or revising it critically for important intellectual content; (3) Final approval of the version to be published; (4) Agreement to be accountable of all aspects of the work in ensuring that questions related to the accuracy or the integrity of any part of the work are appropriately investigated and resolved.
