# E-mail Address Verification

When you log in DergiPark, "My Journals" menu are opened.

Click on your name in the upper right corner and switch to the "User Page".

If you haven't verified your account, you will see a yellow warning. Verify your account by clicking the link in the warning. This will send a confirmation email to your email address.

A notification e-mail is sent to the users who verify their accounts as they process their accounts in DergiPark.

Users who do not verify their account are considered spam users and no e-mail will be sent.

## User Page

Your email address appears to have not been verified yet. You need to verify your address before you can receive emails from DergiPark. If you would like to receive an email for verification, [click](#) after checking that your email address is up to date on your profile.

DergiPark subjects have been expanded. The detailed updating of subjects is important in order to reach the relevant reviewer in the article review process. [Click](#) to update your subjects from the user profile.

If you see a yellow warning as above when you click on your user page, your account is not verified. For this reason, e-mails are not sent.

After verifying your account, e-mails of transactions are sent.

# Edit User Profile

When you log in to DergiPark, you can click on your name in the upper right corner and switch to your "Edit Profile" page.

On the page that opens; You can edit your profile information (name-surname, username, e-mail, institution, etc.)

The username is used to access your profile page. For example: [dergipark.org.tr/en/pub/@elifcaglade](http://dergipark.org.tr/en/pub/@elifcaglade)

You can connect your ORCID and e-Devlet account to DergiPark from the Connected Account menu.

When you connect your ORCID account, your ORCID number will appear on your profile.

When you connect your e-Devlet account, you can log in to DergiPark from e-Devlet. The DergiPark link does not cause any change in your e-Devlet account.

You can change your password from the "Change Password" menu.

# Edit User Profile

<b>Institution Language *</b>

Your username is used in the link of your profile page. If you make changes, you can access your profile page through your new username.

Your username can contain minimum 5 and maximum 100 characters. It should not contain Turkish characters. It can only contain lowercase letters, numbers, and the characters ".", "\_", and "-"

When editing your profile, you must also update your username. Your username can contain minimum 5 and maximum 100 characters.

It should not contain Turkish characters. It can only contain lowercase letters, numbers, and the characters ".", "-", and "\_" .

Username \*

elifcaglade

Your username is used in the link of your profile page. If you make changes, you can access your profile page through your new username.

# Change Password

On your Edit Profile page, click “Change Password” from the menu.

You can change your password by filling your old and new passwords.

After changing your password, you must fill your new password on the next login.

If you forgot your password, use the "Forgot Password" option on Login page.

The screenshot shows a user interface for changing a password. At the top, there is a navigation menu with five items: "Update Profile", "Connected Accounts", "Change Password" (which is underlined and highlighted in blue), "Multiple Mail", and "Api Key". Below the menu, there are three input fields, each with a red asterisk indicating a required field. The first field is labeled "Current password \*", the second is "New password \*", and the third is "Repeat new password \*". At the bottom of the form, there is a blue button labeled "Change Password".

# Linked Users

We can help by linking accounts at DergiPark.

Thus, you can see your journals and articles by switching between accounts. If you have a transaction in accounts, you can continue your transactions.

Account linking is done by the Admin.

If you want your accounts to be linked, send us an e-mail about your active and passive accounts. You can login with active account and you will be visible.

Your passive account will be invisible from the search.

You can see the transactions in accounts by switching between accounts.

Account linking can be canceled.

# User panel whose account is connected

Once we have linked your account, click on your name in the upper right corner and switch to the “User Page”.

You can see the accounts we have linked in your “My Accounts” tab. You can switch to your other account with the login button next to it.
