

RESEARCH ARTICLES

Enhanced Vaterite And Aragonite Crystallization At Controlled Ethylene Glycol Concentrations Batur Ercan, Çağatay Mert Oral, Derya Kapusuz	129-138
The Importance of The Place of Defuzzification Step In Fuzzy Systems Yakup Çelikkbilek	139-148
Seismic analysis of concrete arch dams considering hydrodynamic effect using Westergaard approach Muhammet Karabulut, Murat Emre Kartal	149-161
Comparison Performances of PSO and GA to Tuning PID Controller for the DC Motor Harun Yazgan, Furkan Yener, Semih Soysal, Ahmet Gür	162-174
Seasonal Water Footprint Assessment For A Paint Industry Wastewater Treatment Plant Pelin Yapıcıoğlu	175-183
Testing The Biodegradability of Priority And Emerging Contaminants As A Mixture Ulas Tezel, Begüm Şepitci	184-192
A Climate Change Impact: Variation In Precipitation Patterns, And Increased Drought Risk In Turkey İsmail Dabanlı	193-202
Risk Priority With Fuzzy Logic: Application of A Textile Factory Tülay Korkusuz Polat	203-212
Effect of Utilization of Different Type of Mineral Admixture On Fresh And Hardened Properties of Cementitious Systems Ali Mardani-Aghabaglou, Ali Nematzadeh, Ece Geven	213-223
Analysis of The Performance of The NOSM For High Contrast Targets Mehmet Nuri Akıncı	224-232
Ceramic Industry Wastewater Treatment By Chemical Coagulation Process: A Statistical Optimization of Operating Parameters Hanife Sarı Erkan	233-243
Effect of Soil Saturation On Seismic Performance of A Structure: A Numerical Approach Fatih Göktepe, Erkan Çelebi, Nadir Karahan	244-251
Numerical and Experimental Modeling of Flow Over a Broad-Crested Weir Serdar Korkmaz, Nasir Ahmad Ghaznawi	252-258
Seismic Design Evaluation of T Shaped Irregular Rc Building Plans By Using Pushover Analysis Necati Mert, Alexis Nzapfakumunsi	259-268
Effects of The Shell Thickness On The Directional Deformation And Buckling On The Cylindrical Steel Water Tanks Under The Kobe Earthquake Loading Ali İhsan Çelik, Mehmet Metin Köse, Tahir Akgül, Ahmet Celal Apay	269-281
Researching Usage of Globe Culture Dimensions In Organizational Management By Using Dematel Method Atakan Alkan, Kamile Canbay, Gülşen Akman, Zerrin Aladağ	282-290
Electrochemical Corrosion Behavior of High Velocity Oxy-Fuel (HVOF) Superalloy Coatings On Ductile Irons Yusuf Kayalı, Muhammet Karabaş, Yılmaz Yalçın, Aysel Büyüksağış, Şükrü Talaş	291-300
Determination of Flood Inundation Maps: A Case Study of Akyazi Industrial Zone Tuğçe Hırca, Osman Sönmez	301-307
