Compliance with Ethic Rules

The papers submitted to Wood Industry and Engineering should not already been published or been submitted to another journal.

Authors should adhere to COPE (Committee on Publication Ethics)'s international standards for editors and authors. More details can be found at journal web page via link: <https://dergipark.org.tr/en/pub/wie/policy>.

Compliance with the principles of scientific research and publication ethics is evaluated within the framework of the provisions of Article 4 of the Inter-University Council Scientific Research and Publication Ethics Directive, Article 9 of Regulations of the TUBITAK Committee on Research and Publication Ethics and Article 6 of the Higher Education Council Scientific Research and Publication Ethics Directive.

Ethical committee approval should be obtained for studies on clinical and experimental human and animals requiring "Ethics Committee Decision" and this approval should be stated and documented in the paper.
