

Introduction

Health and Tourism are one of the biggest and most important service sectors of the developed countries. The recent improvements in health tourism where the activities of health and tourism sector work together are remarkable. Health tourism, which provides competition environment at global extent, gives great opportunities not only for developed countries but also for developing countries. So, health tourism will be one of the most powerful sectors in the future.

International Journal of Health Management and Tourism (IJHMT) is an internationally peer reviewed academic journal that publishes recent advancements in the field of Health Management, Tourism and Health Tourism Studies and Research. We publish articles on topics like health care management, health care marketing, health economic and finance, health policy, tourism, cultural tourism, business tourism, resort management, hotel management, motel management, Spa management, restaurant management, stakeholders tourism, ecotourism, sustainable tourism, medical tourism and hospitality Industry etc.

The first issue of The IJHMT has been uploaded (Volume 1, No 1, February 2016) with five papers on foresight. We would like to thank all the authors in this issue. The authors of the articles provide very crucial contribution since this is the first issue of IJHMT. The first paper is titled as “Health Beliefs of University Students With Regard To Sportive Recreational Activities” by Bilal Yalçın. Second paper is titled as “The Perception of Organizational Justice and the Effect of Organizational Justice on the Work Motivation of Employees: Sample of a Public Hospital” by Şevin Abbasoğlu, Dilaver Tengilimoğlu and Aykut Ekiyor, As third paper “Analysis of Economic Comparative Study of a Pre and Post Clinical Pathway Based on Activity Based Costing System for Cesarean Section Undata Hospital In Indonesia” is provided by Siti Rahmawati. Fourth paper is titled as “Example of Lean Management in the Health Sector; E-Prescription Application” and is submitted by Taşkın Kılıç, Sedat Bostan, Goncagül Şahin.
