Dear Followers,

We are proud to have published the 4th volume 2nd issue of the Journal of Health Sciences and Medicine in March 2021. We are here with eighteen interesting original articles and two case reports on this issue.

We know that our journal, which increases its scientific quality with each new issue, is also eagerly awaited by you, our valuable readers. To further increase the scientific quality of our journal, we work hard, including those on the editorial board.

We thank all the authors and our valuable readers who contributed with their international and national articles and remind you that we need you more than ever for our journal to take place on the scientific platforms we desire.

We would like to express our gratitude to the healthcare professionals who worked devotedly during the COVID-19 outbreak. We commemorate our colleagues who lost their lives in this process with respect and longing.

Yours truly
