ARTICLE SUBMISSION ADDRESS

<https://dergipark.org.tr/tr/journal/2316/submission/step/manuscript/new>

EDITORIAL

Our dear readers,

We are proud to publish the first issue of our journal for 2022 with 60 articles. Day by day, we increase the scientific quality of our journal. We have followed by a wider audience over time. Principally, we want to contribute to international literature at an increasing level and to increase the success bar of our journal by entering indexes such as Scopus, PubMed and SCI-Expanded. I would like to thank all authors for submitting articles contributing to both domestic and international literature with their comprehensive scientific content for publication in our journal. We hope that this issue will be useful to our readers.

Sincerely yours.

Assoc. Prof. Alpaslan TANOĞLU, MD.
Editor-in-Chief

CONTENTS

Original Article

Acute postoperative pain and opioid consumption after laparoscopic cholecystectomy is associated with body mass index: a retrospective observational single-center study.....	1
Temporal change of ventricular repolarization indices and index of cardioelectrophysiological balance (iCEB) during COVID-19 treatment including hydroxychloroquine at a tertiary referral hospital.....	7
The effect of prophylactic vitamin C use on COVID-19 infection.....	13
Review of COVID-19 vaccinated patients' emergency room admissions	18
The predictive value of bleeding score on the diagnosis of von Willebrand disease in children applied to the hematologic clinic with epistaxis.....	22
Publication rate of oral presentations presented at national pathology congresses, 5-year analysis	26
The effect of rehabilitation support on male and female after intertrochanteric femoral fracture treatment	32
Alteration of cerebral perfusion and cortical thickness in depression episodes: a comparative MRI study	38
Real-life data of patients with hypoparathyroidism: a case-control study	45
Effects of contrast medium exposure on urine albumin/creatinine ratio	49
The relationship between the nutritional status, body-mass index of patients with chronic obstructive pulmonary disease and respiratory failure and their 1-year survival	54
Effect of SARS-Cov 2 pandemic on breast cancer stage at diagnosis.....	62
The relationship of obstructive sleep apnea risk with the disease severity and clinical parameters in COPD population.....	67
The correlations between pulmonary function tests and polysomnographic parameters in overlap syndrome.....	73

CONTENTS

Original Article

An evaluation of orthopaedic trauma patients presenting at the emergency department during lockdown in the COVID-19 pandemic.....	79
Gastroenterological disorders increase the prevalence of overactive bladder in females at various ages.....	84
Breast tuberculosis: analysis of 24 patients	88
Sepsis induced coagulopathy score and D-dimer levels in COVID-19 patients followed in intensive care; what has changed in COVID era?	94
Are YouTube videos a sufficient resource for informing patients in the treatment of rotator cuff tears?	99
How effective are body mass index and body muscle weight on cardiopulmonary resuscitation?.....	104
The relationship between non-alcoholic fatty liver disease and breast cancer: a retrospective case-control study.....	109
Does preoperative vitamin D deficiency delay recovery time from transient hypocalcemia after thyroidectomy?	114
Monocyte and neutrophil to high density lipoprotein cholesterol ratios are elevated in patients with vitamin D deficiency	119
The effect of resveratrol on toxicity caused by cisplatin in rats with experimentally created diabetes by streptozotocin.....	124
Primary bone tumors and tumor-like lesions of the wrist: a single-center experience.....	131
Carotid artery stenting: a single-center experience.....	138
The effects of dual anti-platelet therapy on titanium implant osseointegration: an experimental study	144
Postoperative analgesic effectiveness of bilateral erector spinae plane block for adult cardiac surgery: a randomized controlled trial.....	150

CONTENTS

Original Article

- Pancreatic cancer treatment after FOLFIRINOX: prognostic importance of chemotherapy dose intensity and albumin/globulin ratio in second line 156**
- Comparison of low-dose contrast computed tomography angiography findings with surgical results in living kidney donors..... 161**
- Are scoring systems detecting acute appendicitis reliable? a prospective clinical study..... 167**
- Basilar artery flow characteristics and color Doppler sonography findings in healthy infants 173**
- Metastatic infectious complications in tunneled dialysis catheter-associated infections: A single-center experience 178**
- The effect of diabetes on mid-term survival of open heart surgery patients aged over 70 years 184**
- Relationship between mental symptoms, dietary compliance and glucose levels of diabetic patients in isolation during COVID-19 Pandemic 189**
- Overview of blood-borne viral infections in hemodialysis patients: hepatitis B, hepatitis C, human immunodeficiency virus infections..... 195**
- The efficiency of HALP score, neutrophil-lymphocyte ratio, and platelet-lymphocyte ratio in predicting mortality in intensive care patients 201**
- Evaluation of knowledge levels about dental trauma (avulsion) and treatment approach of the students of medicine and dentistry faculties..... 207**
- Comparison of prognostic factors in patients diagnosed with endometrial cancer before and after COVID 19 pandemic: a retrospective study 216**
- Hyperlipidemia in Post-COVID patients; a unique observational follow-up study on lipid levels in post-COVID patients 220**
- Medical device related pressure injuries in COVID-19 patients followed up in an intensive care unit 227**
- Assessment of carotid-intima media thickness in patients with epilepsy receiving antiepileptic drugs..... 234**

Original Article

Long term outcomes of patients who underwent radical hysterectomy for cervical cancer	239
Evaluation of neutrophil/lymphocyte ratio, platelet/lymphocyte ratio and mean platelet volume according to the disease activity index in patients of ankylosing spondylitis	247
An investigation of the efficiency of pedicle screw simulator software in thoracic.....	252
Comparison of visual and refractive outcomes between femtosecond laser-assisted in situ keratomileusis (FS-LASIK) and photorefractive keratectomy (PRK): a long-term outcomes analysis	257
A comparison of idiopathic pulmonary fibrosis and chronic hypersensitivity pneumonia in terms of anterior mediastinal fat properties	262
Short-and long-term results of ultrasound-guided fine-needle aspiration and steroid injection in the treatment of ganglion cysts	269
The effect of COVID-19 pandemic on life quality of dental professionals	274
Comparison of open repair and modified percutaneous repair techniques for the treatment of acute Achilles tendon ruptures	282
The difference between the cycloplegic and noncycloplegic refractive error may be an indicator for the myopia progression in myopic children	287
Tp-e interval and Tp-e/JT ratio before and after catheter ablation in patients with Wolff Parkinson White syndrome	291
Goeckerman therapy versus methotrexate for psoriasis: a study on military personnel	297
Evaluation of the quality and the content of YouTube videos in Turkish on protection from coronavirus.....	301
Comparison of the tube thoracostomy techniques on treatment in COVID-19 patients with pneumothorax.....	306
Evaluation of caregiver burden of cancer patients and impact of this burden on caregiver's quality of life.....	313

CONTENTS

Original Article

- Evaluation of hospital acquired infections in the tertiary intensive care unit:
a three-year analysis 321**
- Using the fractal dimension method to assess ossification after open sinus lift surgery 326**
- The effect of the number of anchors used in the medial row on clinical outcomes in
arthroscopic double row repair of rotator cuff tears: retrospective evaluation of patients
with 3 to 7 years of follow-up 331**
- Pain levels of patients undergoing ultrasound guided biopsies and associated factors:
a cross-sectional study 336**
