EDITORIAL

Our dear readers,

We are happy to publish the second issue of our journal for 2022 with 60 articles. Although COVID-19 pandemic is still goes on, we increase the scientific quality of our journal. First of all, we want to contribute to international literature at an increasing level and to increase the success bar of our journal by entering indexes such as ESCI, PubMed and SCI-Expanded. I would like to thank all authors for submitting articles contributing to both domestic and international literature with their comprehensive scientific content for publication in our journal. We hope that this issue will be useful to our readers.

Sincerely yours

Assoc. Prof. Alpaslan TANOĞLU, MD
Editor-in-Chief

Original Article

Risk factors for chronic kidney disease progression in patients with solitary kidney	342
The efficiency of Coban bandage on acute phase edema among patients undergoing a flexor tendon repair	348
Effectiveness of hydrodistention procedure under local anesthesia in the treatment of bladder pain syndrome/interstitial cystitis	357
Office-based management of Bartholin cysts and abscesses: a comparison of three surgical methods	363
How did research article publications on the COVID-19 pandemic progress in the Q1 ranked SCImage index journals in 2020?	368
Effects of blood group types on risk of infection, disease severity, and mortality in COVID-19 patients	374
Comparison of labral repair and biceps tenodesis concomitant with arthroscopic rotator cuff repair in patients between the age of 40 and 60	379
Evaluation of the relationship of hemogram parameters with prognosis in older adults with acute abdominal pathologies	385
The attitudes and beliefs of physiotherapists, family physicians and psychiatrists concerning chronic low back pain	393
Effects of defensive medicine practices on health care in southeast Turkey.....	399
Temperament and character traits in young men diagnosed with idiopathic scoliosis	410
Comparison of prone position effectiveness with percentage of injured lung area in awake non - intubated COVID-19 patients	417
The efficacy of ultrasound and low-intensity laser therapy in carpal tunnel syndrome	423
Myeloperoxidase deficiency: a single center experience	429
Distribution of pre- and mid-pandemic transfusions by blood types	434

CONTENTS

Original Article

The prevalence of anemia in elderly patients: a cross-sectional study.....	440
Does prior uterine surgery increase the risks of uterine leiomyoma and adenomyosis? a retrospective study.....	445
Smartphone-based videoconference visits are easy to implement, effective, and feasible in Crohn's disease patients: a prospective cohort study	451
Vitamin D levels and in-hospital mortality of COVID-19.....	457
The effect of altitude difference on gastrointestinal bleeding in the chronic period.....	462
Evaluation of thyroid dysfunctions frequency in the first trimester	466
Association between vitamin D levels and frequency of disease exacerbations and hospitalizations in patients with COPD	471
Comparison of demographic and laboratory data of young and elderly patients who deceased due to COVID-19.....	478
Relationship of the CRP/albumin ratio and the systemic immune-inflammation index with Forrest classification in patients with gastrointestinal bleeding	482
The use of predialysis glucose as long term glycemic marker in hemodialysis patients	487
Platelet-lymphocyte ratio predicts poor prognosis in stage II/III colon and rectum cancer	491
Outcomes of patients coming to the emergency department after kidney transplantation	499
Comparison of thyroid scintigraphy and ARFI-elastography in autoimmune thyroid diseases.....	504
Comparison of respiratory tract pathogens and antibiotic susceptibility profiles of patients diagnosed with COVID-19 with pre-COVID-19	510
The effect of colchicine treatment on complete blood cell count-based parameters in patients with Behçet's disease	517

Original Article

Radiological features of round pneumonia in children: 10 years of experience	523
The factor analysis approach to mortality prediction in COVID-19 severe disease using laboratory values: a retrospective study.....	528
Common variable immunodeficiency from the perspective of rheumatology	534
Comparison of electrodiagnostic findings in patients with post-COVID-19 and non-COVID-19 Guillain-Barre syndrome	539
Evaluating the clinical, radiological, microbiological, biochemical parameters and the treatment response in COVID-19 pneumonia.....	544
Morphological and immunohistochemical evaluation of interface lesions between chronic lymphocytic thyroiditis and papillary thyroid cancers.....	552
Comparison of the in vitro <i>Demodex folliculorum</i> killing activity of azelaic acid and permethrin	558
Is there any difference between shaving versus clipping versus depilatory gel of hair removal for skin preparation before surgery in respect of wound infection?	564
Comparison of self-tapping and self-drilling screws in open reduction of mandible fracture.....	568
COVID-19 pandemic: depression and sleep quality in hemodialysis patients	573
Preterm placental calcification: maternal calcium, magnesium, 25(OH)D levels and adverse obstetric outcomes in low-risk pregnant women	579
fT3 index/TSH index ratio and free thyroid hormone index in the differential diagnosis of thyrotoxicosis	586
Efficacy of tocilizumab in severe COVID-19: a retrospective study.....	592
Our convalescent plasma experiences in COVID-19 patients hospitalized in the intensive care unit	600

Original Article

The effect of the COVID-19 pandemic on the increase of hyperlipidemia and metabolic syndrome in the Turkish population: a retrospective study	607
Tranexamic acid in knee arthroplasty: the effect of preoperative intravenous administration of together with postoperative intravenous maintenance and periarticular administration on bleeding, transfusion, and hospitalization time – a retrospective cohort study	614
The effect of pandemic and COVID-19 vaccination campaigns on influenza and pneumococcal vaccination trends in patients with chronic diseases.....	619
Severity of subchondral insufficiency knee fracture: is it associated with increasing age, femorotibial angle, and severity of meniscus extrusion?	625
The relationship between malignancy and Behçet’s disease features.....	633
The role of inflammatory markers derived from complete blood count results in the diagnosis of intrahepatic cholestasis of pregnancy.....	640
Does face mask affects sleep quality in patients with nasal septal deviation: evaluated by mini sleep questionnaire.....	646
Is the systemic immune-inflammation index a predictive marker of carotid artery stenosis?	652
Forensic-medical retrospective analysis of cardiovascular injuries admitted to the emergency department	659
Evaluation of the efficiency of treatment in girls with central precocious puberty/rapidly progressive puberty via ultrasonography	664
Significant and nonsignificant findings on magnetic resonance imaging of patients with headache	670
Comparison of geriatric pulmonary embolism severity index (G-PESI) with PESI and s-PESI in predicting prognosis and mortality	676
Diagnostic and prognostic value of the ratio of mean platelet volume to platelet count in acute mesenteric ischemia	682

CONTENTS

Original Article

- Evaluation of spleen stiffness in healthy population: a vibration-controlled transient elastography study..... 689
- Evaluation of the health literacy level of the patients who applied to a tertiary hospital family medicine clinic..... 693
-

Case Report

- Can anti-IgE and anti-IL-5 monoclonal antibodies be protective against household transmission of SARS-CoV-2? 698
