Aim and Scope

DAHUDER Medical Journal (DAHUDER MJ) is an international, independent, double-blind peer-reviewed, Open Access and online publishing journal, which aims to publish papers on all the related areas of internal medicine.

Editorial Board of the DAHUDER MJ complies with the criteria of the International Council of Medical Journal Editors (ICMJE), the World Association of Medical Editors (WAME), and the Committee on Publication Ethics (COPE).

The journal publishes a variety of manuscripts including original research, case reports, invited review articles, and letters to the editor. DAHUDER MJ has signed the declaration of the Budapest Open Access Initiative. All articles are detected for similarity or plagiarism.

The DAHUDER MJ recommends that all of our authors obtain their own ORCID identifiers which will be included in their article.

The publication language is English.

The journal is published quarterly (January, April, July and October).

No fee is required for publishing the manuscript.

All articles are detected for similarity.
