EDITORIAL

Our dear readers,

We are proud to publish the fifth issue of our journal for 2022 with 50 articles. Currently, the COVID-19 pandemic has lost its power, and we sure that all researcher would devote a significant part of their strength to valuable articles. As we mentioned before, we want to contribute to international literature at an increasing level and to increase the success bar of our journal by entering valuable international indexes such as SCI-Exp and Pubmed. We would like to thank all authors for submitting articles contributing to both domestic and international literature with their comprehensive scientific content for publication in our journal.

Sincerely yours

Assoc. Prof. Alpaslan TANOGLU, MD
Editor-in-Chief
