

ARTICLE INDEX

ISSUE 2023/1

Evaluation of alcohol, substance and antidepressant drug use of university students during the COVID-19 pandemic.....2023; 5(1); 1-6.

Determination of the risk factors and delirium in the intensive care unit2023; 5(1); 7-13.

Can tubal reversal be an alternative to IVF? Cohort study.....2023; 5(1); 14-17.

Alexithymia; an often missed condition prevalent in the practice of nephrology.....2023; 5(1); 18-23.

Prognosis prediction of the mean tracheal air column area in COVID-19 patients.....2023; 5(1); 24-28.

Investigating clinical and laboratory findings and mortality rates among vaccinated and unvaccinated COVID-19 inpatients2023; 5(1); 29-33.

Comparison of different endometrial preparation protocols in frozen-thawed embryo transfer cycles in women with polycystic ovary syndrome.....2023; 5(1); 34-38.

Comparison of clinical outcomes of intensive care patients with COVID-19 pneumonia receiving and not receiving tocilizumab treatment.....2023; 5(1); 39-46.

Evaluation of carotid intima-media thickness of female fibromyalgia patients and determination of their relationship with disease activity, severity of fibromyalgia, anxiety and depression levels2023; 5(1); 47-52.

The relationship between systemic immune-inflammation indexes and treatment response in locally advanced esophageal cancer2023; 5(1); 53-58.

Could niaouli aromatherapy oil be an option in the treatment of urinary tract infections in hemiplegic patients?.....2023; 5(1); 59-64.

Total macular volume as a potential biomarker in the assessment of anti-VEGF response in patients with diabetic macular edema: real-life data analysis2023; 5(1); 65-70.

Effects of sequential and fixed-dose estradiol valerate administration on premature progesterone rise in frozen-thawed embryo transfer cycles2023; 5(1); 71-75.

A rare complication of *Escherichia coli* induced urosepsis; is Guillain-Barre syndrome2023; 5(1); 76-79.

ISSUE 2023/2

Evaluation of pediatric ophthalmic consultations in a tertiary care university hospital2023;5(2):80-83.

Evaluation of extremity and pelvis traumas admitted to the emergency department before and during the pandemic;with laboratory, embolism and mortality data.....2023;5(2):84-90.

The role of ADC histogram analysis in the diagnosis of pediatric malignant lymphadenopathy.....2023;5(2):91-96.

Determination of antibiotic resistance rates of *Escherichia coli* and *Klebsiella pneumoniae* isolates, which are the causative agents of urinary tract infection in pregnant women 2023;5(2):97-101.

The effects of extremely low-frequency magnetic field exposure on apoptosis, neurodegeneration and trace element levels in the rat brain..... 2023;5(2):102-110.

Patient satisfaction, sexual function and decision regret in use of levonorgestrel releasing intrauterine device 2023;5(2):111-119.

Investigating the effects of the COVID-19 pandemic on obstetric anesthesia and perioperative outcomes in cesarean section surgery..... 2023;5(2):120-124.

Comparison of scar outcomes of alar base and columella using irradiated polyglactin 911: a single-blind study 2023;5(2):125-129.

Relationship between contrast media-induced nephropathy and CANLPH score in patients with ST-segment elevation myocardial infarction..... 2023;5(2):130-137.

The frequency of co-positivity of anti-smooth muscle antibody and anti-nuclear antibodies and their contribution to the diagnosis of autoimmune hepatitis 2023;5(2):138-142.

The effect of proton pump inhibitor use on the biodistribution of FDG in patients undergoing 18F FDG PET/CT imaging 2023;5(2):143-147.

A new prognostic marker in small cell lung cancer: red cell distribution width ratio of hemoglobin 2023;5(2):148-152.

New determinants for causal neural mechanism of dry mouth in Parkinson's disease induced by destruction of superior salivatory nucleus, facial nerve, and submandibular gland circuitry: an experimental study..... 2023;5(2):153-159.

Advanced age;not a contraindication for resections of colorectal liver metastasis recurrence 2023;5(2):160-167.

An examination of the relationship between self-compassion, temperament types and cognitive flexibility according to deceiving tendency..... 2023;5(2):168-176.

Idiopathic axillary web syndrome: a case-based review of an unusual disorder 2023;5(2):177-179.

ARTICLE INDEX

ISSUE 2023/3

Lung immune prognostic index as a prognostic predictor in patients with advanced small cell lung cancer	2023;5(3):180-186.
Efficacy of magnetic resonance imaging among pregnant patients diagnosed with acute abdomen in the emergency department.....	2023;5(3):187-191.
Impact of long-term glycemic variability on interdialytic weight gain in diabetic hemodialysis patients.....	2023;5(3):192-195.
Borderline ovarian tumors: twenty years of experience at a tertiary center.....	2023;5(3):196-200.
The role of saline infusion sonohysterography in the evaluation of infertility	2023;5(3):201-205.
The evolution of hemorrhoids publications during 1980-2021: a global and medical view with bibliometric analysis.....	2023;5(3):206-216.
A bibliometric study of vascularized fibular grafting technique.....	2023;5(3):217-226.
The association of anemia and high neutrophil-lymphocyte ratio with decreased survival in patients with laryngeal cancer treated with radiotherapy	2023;5(3):227-236.
A new model for estimating in-hospital mortality in patients with pulmonary embolism: PATHOS score.....	2023;5(3):237-241.
Increased prevalence of gastric pathologies in patients with total hip and total knee prostheses: a retrospective endoscopic study	2023;5(3):242-246.
Evaluation of ultrafiltrated fluid overloaded patients: a single center study	2023;5(3):247-252.
Dosimetric evaluation of inclusion of proximal seminal vesicle in target volume in low-risk prostate cancer treated with stereotactic body radiotherapy.....	2023;5(3):253-260.
The effect of long-term use of pioglitazone on bone mineral density in patients with diabetes mellitus	2023;5(3):261-265.
The effect of mask use on allergic rhinitis symptoms during COVID-19 pandemic.....	2023;5(3):266-269.
Tau protein hyperphosphorylation in children with cerebral palsy with sleep disorders	2023;5(3):270-274.
Comparison of infraclavicular block and axillary block activities performed in ultrasonography coexisting in upper extremity surgery	2023;5(3):275-281.
Adnexal torsion: a single-center retrospective study of diagnosis and treatment.....	2023;5(3):282-286.
The relationship between the prognostic nutritional index and non-dipping blood pressure pattern in patients with newly diagnosed hypertension	2023;5(3):287-294.
Thymoma radiotherapy: a retrospective multicentre study.....	2023;5(3):295-304.

ISSUE 2023/4

The effect of thirdhand smoke belief on intention to quit smoking	2023;5(4):305-310.
What is the role of sensitization in carpal tunnel syndrome where pain impacts functional capacity?.....	2023;5(4):311-316.
Exploring the impacts of Pycnogenol on pentraxin-3 levels in the heart tissue of rats administered with gentamicin.....	2023;5(4):317-322.
The relationship between insomnia and acute postoperative pain: a case-control study on laparoscopic cholecystectomy patients.....	2023;5(4):323-328.
Hemoglobin red cell distribution width ratio as a prognostic marker in patients with locally advanced lung adenocarcinoma	2023;5(4):329-333.
The initial symptoms in multiple sclerosis: clinical and demographic data of Çorum province	2023;5(4):334-338.
Nitric oxide therapy in COVID-19 patients with acute respiratory distress in intensive care unit	2023;5(4):339-344.
Surgically treated pneumonic-type lung adenocarcinoma with long survival characteristics	2023;5(4):345-349.
The relationship between oral and dental health and appendicitis	2023;5(4):350-354.
Predialysis education program and early vascular access: a single center experience	2023;5(4):355-359.
Turkish children myopia progression in the urban area, a retrospective evaluation	2023;5(4):360-363.
The diagnostic accuracy of coronary angiography to detect left anterior descending artery myocardial bridging in coronary artery bypass grafting: a retrospective single-center study	2023;5(4):364-370.
Inquiring about the link between urotensin-II and coronary collateral development in coronary artery patients with and without diabetes	2023;5(4):371-375.
Anti-Müllerian hormone and HOMA-IR in different phenotypes of polycystic ovary syndrome on insulin resistance	2023;5(4):376-382.
The role of hormonal status, morphological subtypes and proliferative marker Ki-67 labeling index on long-term outcomes in patients with acromegaly: a single tertiary center's experience	2023;5(4):383-388.
Evaluation of immunochromatography method in the diagnosis of cystic echinococcosis.....	2023;5(4):389-394.
Comparison of anti-HCV seroprevalence of patients who underwent cataract surgery and other ophthalmic procedures.....	2023;5(4):395-397.
Pneumococcal and influenza vaccine awareness in individuals over 65 years	2023;5(4):398-404.
Evaluation of gynecology and gynecologic oncology cases who received massive blood transfusion: a tertiary center experience.....	2023;5(4):405-410.
Does vitreous galactin-3, copeptin and retina binding protein-4 concentrations change in diabetic retinopathy?.....	2023;5(4):411-415.

ARTICLE INDEX

ISSUE 2023/4

The new score predicts 1-year poor outcome in patients with successful percutaneous coronary intervention: Naples prognostic score.....	2023;5(4):416-420.
Evaluation of variants in maturity onset of diabetes young related genes in Balikesir region.....	2023;5(4):421-425.
The effect of direct-acting antivirals (DAA) on confirmed noninvasive fibrous parameters in chronic hepatitis C patients.....	2023;5(4):426-431.
Evaluation of distribution and susceptibility of microorganisms isolated from joint fluid cultures: five-year data.....	2023;5(4):432-437.
Single-center experience of cubital tunnel syndrome surgery performing transposition or internal neurolysis with external decompression under regional intravenous anesthesia technique.....	2023;5(4):438-444.
Evaluation of hematological parameters in the differentiation of bile reflux gastritis and <i>Helicobacter pylori</i> gastritis in children.....	2023;5(4):445-448.
Prognostic significance of prognostic nutritional index and hemoglobin to red cell distribution width ratio in metastatic colorectal cancer patients.....	2023;5(4):449-453.
Effect of different tea brands on color change of flowable resin composite.....	2023;5(4):454-458.
Evaluation of the risk of developing atrial fibrillation with new electrocardiographic parameters in patients with primary hyperparathyroidism.....	2023;5(4):459-463.
Evaluation of cardiovascular risk factors, prevalence and determinants of coronary artery disease in renal transplant patients: a single center experience.....	2023;5(4):464-469.
The prevalence of anomalies in the lumbar spine in the Turkish male population.....	2023;5(4):470-472.
Evaluation of the efficacy of intralesional triamcinolone injection therapy in patients with granulomatous mastitis: a comparative study with oral methylprednisolone.....	2023;5(4):473-478.
Can artificial intelligence algorithms recognize knee arthroplasty implants from X-ray radiographs?.....	2023;5(4):479-483.
Autism spectrum disorder: perspectives from paediatricians.....	2023;5(4):484-491.
Improving the performance of EM and K-means algorithms for breast lesion segmentation.....	2023;5(4):492-497.
Autonomic symptoms in early-stage Parkinson's patients and their relationship with cognition and disease parameters.....	2023;5(4):498-502.
Conditioned media of tonsil derived mesenchymal stem cells shows different rates of cytotoxicity on solid cancer cells.....	2023;5(4):503-510.
The relationship between digital game addiction, cyberloafing, and psychological well-being in primary school students.....	2023;5(4):511-517.
Effects of chronic obstructive pulmonary disease stage on muscle oxygenation during exercise.....	2023;5(4):518-525.
