

## Contents

### Horticulture

#### Research Article

Impacts of some eco-friendly methods on the storage life of tomato fruits

Z. HASSAN, I. KAHRAMANOGLU..... 1-8

### Plant Protection

#### Research Article

Exploring *Aeolothrips* spp. Diversity: A Morpho-Molecular Examination of *Aeolothrips collaris* and *Aeolothrips intermedius* (Thysanoptera: Aeolothripidae)

O. A. ABU SAID, I. SAHIN NEGIS..... 9-14

#### Research Article

Determination of fungal root and stem rot agents of melons grown in Kumluca/Antalya

F. KARABUGA SARICA, G. KARACA..... 15-21

#### Review Article

*Solanum americanum*: An alternative model crop in plant pathology

A. R. AHMED, A. GALLEDU, U. DEMIRTAS, H. FIDAN, O. CALIS..... 23-26

### Agricultural Machinery and Technologies Engineering

#### Review Article

Influence of plants and spices on the formation of biogenic amines in meat

M. H. M. AL BAYATI, M. F. CENGIZ..... 27-31

#### Research Article

Determination of germination characteristics and salinity and drought tolerances of Mountain Swan (*Atriplex nitens* Schkuhr)

L. KURGAN, S. TEMEL..... 33-39

### Soil Science and Plant Nutrition

#### Research Article

Variable rate phosphorus fertilizer recommendations for rainfed wheat

A. H. H. WARDAMI, S. ERSAHIN, G. KARAHAN..... 41-50

### Animal Science

#### Research Article

*HSP90AB1* (SNP-4338T>C) gene polymorphism associated with thermo-tolerance in some cattle breeds in Türkiye

B. ARGUN KARSLI..... 51-55
