

**SUBJECT INDEX**

TITLE	PAGE
<b>A</b>	
A comprehensive look at inflammation in RLS: assessing NLR, MLR, PLR, SII, SIRI, and microR .....	219
A rare form of tuberculosis: a case of tuberculosis verrucosa cutis.....	703
A structural modeling approach to determine the effects of orthorexia nervosa and social appearance anxiety on healthy lifestyle behaviors in young adults.....	529
A trend analysis of inflammatory bowel disease in non-endemic era (1993-2023).....	587
Acute rheumatic fever: a single center experience.....	321
Antibiotic use in cesarean procedures in developing countries: current practices and improvements.....	593
Association between pancreatic lipase levels and coronavirus disease-2019.....	185
<b>B</b>	
Bibliometric analysis of publications on kinesiophobia in orthopedics between 1970-2023 .....	58
<b>C</b>	
Can a cementless partial hip prosthesis be preferred in patients with hip fractures when the Spotorno score is greater than 5?.....	509
Can a unilateral approach replace the bilateral approach in percutaneous kyphoplasty?.....	120
ChatGPT in dentomaxillofacial radiology education.....	224
Chronic obstructive pulmonary disease and malnutrition: severity of the disease and controlling nutritional status (CONUT) score.....	658
Climate change and its impact on women's living .....	482
Clinical research for low back pain in Turkiye: analysis of pubmed-indexed randomized controlled trials.....	638
Clinical significance of pretreatment De Ritis ratio in renal cell carcinoma.....	247
Combination of substance addiction and Fournier's gangrenia: a case report .....	143
Commentary on mini dental implant insertions in children with ectodermal dysplasia .....	244
Comparison of early warning and sepsis scores for mortality prediction in patients with suspected infection admitted to medical intensive care units.....	73
Comparison of mortality rates and risk factors for mortality between proximal femoral nailing and bipolar hemiarthroplasty for hip fractures.....	327
Comparison of obesity and physical activity levels of adult individuals by examining dietary habits with different parameters .....	301
Comparison of pathological electrocardiographic changes between long-term kidney transplant recipients and hemodialysis patients .....	513
Comparison of TAPP and TEP in laparoscopic inguinal hernia repair.....	174
Comparison of ultrasonographic parameters in the diagnosis of carpal tunnel syndrome in pregnancy .....	284
Cone beam computed tomography evaluation of bone height and width in 7 different tooth regions of totally edentulous maxilla .....	252
Coping strategies in bariatric surgery candidates: a case-control study .....	675
Correlation between antibody levels and long-term symptoms in survivors of COVID-19: health outcomes and societal implications.....	17
Correlation of hemogram parameters with acute phase reactants in subacute thyroiditis.....	632
<b>D</b>	
Dermatological manifestations and drug-induced reactions in COVID-19 patients: an observational study from İstanbul, Turkiye .....	555
Detection of virulence factors of <i>Enterococcus faecalis</i> isolated from the urinary system and evaluation of antibiotic resistance.....	543
Diagnosing retinal disorders with artificial intelligence: the role of large language models in interpreting pattern electroretinography data.....	538
Distribution and antifungal susceptibility profiles of <i>Candida</i> species isolated from dermatomycosis patients .....	290
Distribution of ABO and Rh blood groups in gynecological cancer cases.....	126
Does subscapularis tears combined with supraspinatus tears affect postoperative functional outcomes? .....	105
<b>E</b>	
Effect of the COVID-19 pandemic on rotavirus infection frequency in children.....	213
Effects of probiotic addition to standard treatment of <i>Helicobacter pylori</i> on eradication success and side effect profile.....	366

TITLE	PAGE
Effects of repeated anti-VEGF injections on macular vessel density in Turkish proliferative diabetic retinopathy cases .....	696
Electrocardiographic changes of patients who were under the rubble and were admitted to the hospital during Kahramanmaraş Earthquake .....	270
Enhancing dermatology: the current landscape and future prospects of augmented and virtual reality technologies .....	131
Enhancing mitotane efficacy in adrenocortical carcinoma by calcineurin inhibition with cyclosporine A.....	395
Enhancing morphological understanding of the lateral pterygoid muscle for orofacial pain treatment: a cadaveric study .....	664
Etiological and epidemiological analysis of patella fractures: evaluation of COVID-19 pandemic and lockdown era effects.....	581
Evaluating the clinical significance of color stability in nanohybrid composite resins: a comparative study of local and international brands .....	571
Evaluation of artificial neural network and adaptive-network-based fuzzy inference system for ovarian and lung cancer prediction.....	80
Evaluation of burnout and job satisfaction among family physicians working in the earthquake region .....	643
Evaluation of general characteristics of patients diagnosed with COVID-19 who were admitted to COVID-19 service and intensive care unit from the emergency department: a retrospective clinical study.....	444
Evaluation of healthcare workers' perceptions of difficult patients: Samsun province example .....	426
Evaluation of home health services provided to children in Batman province .....	459
Evaluation of lesions requesting biopsy according to imaging findings in breast cancer patients who have undergone breast-conserving surgery.....	24
Evaluation of occupational radiation dose due to 99mTc and 131I based examinations .....	168
Evaluation of styloid process elongation: a cross-sectional study.....	180
Evaluation of the health literacy in patients with stroke and relationship between health literacy and functional status on quality of life in patients with stroke .....	32
Evaluation of the knowledge, attitudes, and behaviors of school-age children on oral and dental health.....	1
Evaluation of the relationship between TMD pain and toothache and dental anxiety.....	402
Evaluation of the success of anterior iliac crest harvested bone graft in reconstruction of different jaw defects: a retrospective study .....	371
Evaluation of the views of family physicians on radiological anatomy course .....	621
Examining the relationship between object relations, relationship attachment and separation anxiety in adults with depressive tendencies.....	160
Exercise benefits and barriers perceived by hemodialysis patients: relationship with fatigue and physical activity level .....	206
Exploring normal urinary biomarker ratios in a pediatric population: insights into age and gender variations .....	110
Exploring teledermatology in managing common inflammatory skin conditions: a systematic review .....	341
Exploring the causes of kinesiphobia in patients with breast cancer-related lymphedema: a comprehensive study.....	626
Exploring the relationship between orthostatic hypertension and diabetes mellitus: a literature review .....	137
<b>F</b>	
First and second trimester laboratory changes and perinatal outcomes in pregnant women with epilepsy .....	549
Frequency of seronegative cases in autoimmune hepatitis and their association with the systemic immune inflammation index.....	230
Functional outcomes of 26 patients surgically treated for talus fractures .....	654
<b>I</b>	
Incidence of acute endophthalmitis after intravitreal bevacizumab injection in a tertiary hospital.....	13
Incorporating <i>Nigella sativa</i> nanoemulsion into gelatin-guar gum films for enhanced healing of wound infections .....	146
Investigation of polypharmacy and potential drug-drug interactions in a group of hospitalized pediatric patients: a single-center study .....	153
Investigation of the chemical composition, antioxidant and anticholinesterase activities of <i>Consolida orientalis</i> .....	691
Investigation of the effect of implant crown ratio and material type on the force transmitted to the implant in implant-supported restorations: a finite element analysis study.....	604
Investigation of the relationship between borderline personality organization and perceived abuse experiences in romantic relationships: moderating role of rejection sensitivity .....	259
Investigation of the relationship between fatigue with vitamin D, disease stage, anxiety and physical activity level in patients with Parkinson's disease.....	296
Is fixation with a U-shaped staple necessary in anterior cruciate ligament reconstruction? .....	7
Is there a role of genetic tendency in post-COVID pulmonary thromboembolism? .....	649
<b>L</b>	
Latent tuberculosis infection in psoriasis patients.....	47

TITLE	PAGE
<b>M</b>	
Meta-analytic review on the impact of factors that affect performance of malaria rapid diagnostic test in Africa.....	236
Morphometric, immunohistochemical and ultrastructural examination of age-related structural alterations in the optic nerve .....	426
<b>N</b>	
Novel insights into myocardial injury, diastolic pathology, and in-hospital mortality: the impact of H2FPEF score in COVID-19 patients .....	89
<b>O</b>	
Obesity's cognitive consequences: leptin's influence on dementia.....	346
Oral health attitudes and behaviors of the dental students in a state university in İstanbul.....	610
<b>P</b>	
Parameters effective on survival in connective tissue disease-related interstitial lung disease.....	670
Perception and practices of obstetricians and ophthalmologists eye diseases during pregnancy.....	378
Prediction of retinopathy through machine learning in diabetes mellitus.....	467
Predictive value of cervical length in placenta previa totalis: a single-center experience .....	68
Protective effects of curcumin and quercetin in studies on cancer: a meta-analysis study.....	314
Pyuria, bacteriuria and empirical antibiotic selection in pregnant women .....	361
<b>Q</b>	
Quality and content analysis of tarsal tunnel syndrome videos on YouTube.....	477
<b>R</b>	
Radiographical examination of pulp stone distribution by cone beam computed tomography .....	472
Radiopacity evaluations of the novel calcium-silicate and glass-ionomer-based materials.....	192
Relationship between 25(OH)D3 levels and cognitive functions in children with obesity.....	524
Relationship between pelvic floor complaints and multi-compartment prolapsus.....	337
Resin infiltration applications in white spot lesions with caries cavities .....	352
Retrospective analysis of the endovascular and surgical treatment outcomes in 105 patients with cerebral arteriovenous malformation .....	308
Risk analysis for acute oroantral communication: a retrospective study.....	488
<b>S</b>	
Subjective outcomes of female genital cosmetic procedures: a prospective study with a median follow-up of 18 months .....	500
<b>T</b>	
The effect of simulated food liquids on the surface structure and solubility of various esthetic restorations .....	436
The effectiveness of kinesio taping in addition to conventional treatment in patients with chronic low back pain: a randomized controlled trial .....	564
The effects of laparoscopy-guided transversus abdominis plane (TAP) block in the sleeve gastrectomy procedure: a randomized double-blinded placebo-controlled trial .....	264
The evaluation of potential toxic metal levels of various drugs used in children .....	39
The investigation of frailty level and factors affecting frailty in older adults with osteoarthritis: a cross-sectional study on Turkish population.....	387
The mediational role of cognitive emotion regulation and mindfulness in the relationship between adult separation anxiety and partner-related obsessive compulsive symptoms .....	407
The performance of various serum parameters in blood during the first trimester in the early detection of pre-eclampsia .....	451
The prevalence of hypogonadism in male patients with type 2 diabetes mellitus and clinically relevant factors.....	53
The prognostic impact of the pan-immune-inflammation value (PIV) on the efficacy of treatment and clinical outcomes in patients with extensive-stage small cell lung cancer (ES-SCLC) .....	494
The relationship between cognitive function and physical activity, functional status and social participation in older adults: a cross-sectional study.....	518
The relationship between homocysteine and no-reflow phenomenon in patients undergoing primary percutaneous coronary intervention .....	199
The relationship between lipid levels and clinical outcomes in sepsis patients in the intensive care unit: a retrospective study .....	615
The relationship between the need for oxygen concentrator after discharge in COVID-19 patients and mortality .....	278
The relationship between uric acid albumin ratio (UAR) and prognosis in patients with atrial fibrillation hospitalized in intensive care unit.....	505
The relationship of erectile dysfunction severity with nocturnal blood pressure pattern and RDW .....	332

<b>TITLE</b>	<b>PAGE</b>
The role of preoperative serum CA-125 levels in predicting lymph node metastasis in patients undergoing treatment for endometrial cancer .....	114
The stress and happiness levels of gastroenterologists in Turkiye and factors influencing them .....	598
<b>U</b>	
Ultrasonographic assessment of cricothyroid membrane height in a Turkish cohort.....	356
Urinary stone disease in pediatric patients: a mixed-methods study.....	681
<b>V</b>	
Variant analysis of MiRNA regulatory genes in colorectal cancer.....	98
