Scope

The “LIVable ENVironments and ARCHitecture+ Journal”: LivenARCH+ Journal which is published twice a year in January, July and an additional Special Issue which the Special Issues may be published in the journal once a year with the decision of the Editor In-Chief.

The “LIVable ENVironments and ARCHitecture+ Journal”: LivenARCH+ Journal includes theoretical and applied studies on current issues within the scope of design disciplines and research, discussion and opinion articles prepared on the basis of sciences related to the field of design. In this context, it is expected that the articles to be included in the scope of LivenARCH+ Journal will be original and scientific research studies, whose contribution to the relevant literature has been proven by qualitative, quantitative, experimental and analytical methods.

LivenARCH+ Journal is an academic, independent, international, double-blind peer-reviewed, open access and online electronic journal which its articles should disclose original data that has not been previously published or submitted for publication elsewhere.

The articles deemed to be in accordance with the submission rules and the scope of LivenARCH+ Journal are sent to at least two referees who are experts in their field for scientific evaluation. LivenARCH+ Journal Editorial Board members who discuss the appropriateness take into account the reviewers’ comments on each submission. The final decision for all submitted articles belongs to the Editor In-Chief.

LivenARCH+ Journal does not accept late article applications, but puts the late articles in the process to be evaluated in the next issue.
