e-ISSN:2791-9250

Aim and Scope

DAHUDER Medical Journal (DAHUDER MJ) is an international, independent, double-blind peer-reviewed, open access, and online publishing journal, which aims to publish papers on all the related areas of clinical medicine. Manuscripts must describe original data that has not been published previously nor submitted for publication elsewhere. Manuscripts that adhere to the DAHUDER MJ submission guidelines and are deemed appropriate for the scope of the journal are sent to two reviewers who are specialists in the field.

The members of the DAHUDER MJ Executive Editorial Board who discuss the suitability then consider the reviewers' comments on each submission. The final decision for all submitted manuscripts rests with the Editor-in-Chief.

Editorial Board of the DAHUDER Medical Journal complies with the criteria of the International Council of Medical Journal Editors (ICMJE), the World Association of Medical Editors (WAME), and the Committee on Publication Ethics (COPE).

The journal is published quarterly (January, April, July, and October).

No fee is required for publishing the manuscript.

All articles are detected for similarity.

Abstracting & Indexing

The journal is abstracted and indexed with the following: EBSCO, Google Scholar, ResearchGate, CrossRef, DRJI, ResearchBib, Asos Index, ROAD, and OUCI.

Publisher

The Association of Internal Medicine Specialist (DAHUDER)
