EDITORIAL

Dear Readers,

As a part of Medihealth Academy, we are pleased to announce the publication of the first issue of the bi-monthly Journal of Medicine and Palliative Care (JOMPAC) in 2025. We are in our sixth year this year.

We would like to thank all of the authors, researchers, reviewers, and editorial board members who helped with this publication. We would also want to thank the publishing staff for their diligent efforts in preparing the journal for publication.

Ethics and scientificity are always prioritized in the blind evaluation procedures of articles submitted to our publication. Our primary goals are to uphold the journal's principles and establish an alternative path for researchers for the researchers to contribute to the literature in the fields of General Medicine and Palliative Care. Being included in international indexes like SCI-Expanded, Scopus, ESCI, and Pubmed is another objective we have for JOMPAC. This 2025 first launch issue includes review and original researches. Journals are created and made popular by their authors and readers. We would like to thank everyone who helps with the publishing in any form.

Best regards,

Assoc. Prof. Deniz ÇELİK, MD
Editor in Chief
