Aberrant left hepatic artery arising from the left gastric artery: perioperative effects of a risky vascular anomaly in gastrectomy.....	981
Adaptation study for biportal endoscopic spine surgery using an ovine spine-based training model.....	716
Advanced cervical cancer: how to interpret the new standard of care.....	535
AI vs AI: clinical reasoning performance of language models in orthopedic rehabilitation.....	825
An analysis of online searches of femoroacetabular impingement patients.....	132
An underrecognized aspect of oncology care: temporomandibular joint evaluation in patients with head and neck cancer.....	1043
Analysis of static pelvic tilt variations in transfemoral prosthesis users: comparison of different socket designs with healthy controls.....	210
Analysis of the Turkish informative videos for gambling disorder on YouTube.....	91
Anxiety and depression levels among obstetrics and gynecology physicians in the management of HPV-positive patients.....	546
Are fat free mass, fat mass and meal frequency associated with malnutrition in institutionalized elderly: a cross-sectional study.....	489
Assessment of fetal cardiac function and epicardial fat thickness in intrahepatic cholestasis pregnancies.....	946
Assessment of the abdominal aorta regarding its morphology, morphometry, and concomitant pathologies associated with abdominal aorta aneurysm.....	818
Assessment tools for evaluating body structure-function and activity in dyskinetic cerebral palsy: a systematic review of instrumented assessments according to ICF-CY.....	146
Association of thrombocytopenia on secondary infection and mortality in pediatric intensive care unit patients receiving continuous renal replacement therapy.....	303
Asymptomatic malaria in selected rural health facilities in Vihiga County, Western Kenya.....	411
B	
Bibliometric analysis of urinary tract infections: trends, collaborations, and knowledge gaps (2004-2023).....	204
Bicycle accidents and injury patterns in emergency department admissions: a single-center experience.....	1018
Bilingual evaluation of YouTube™ videos on teething symptoms and remedies.....	1082
Bonding treatment of CAD/CAM milled denture resins repaired with visible light-cured resin.....	787
Breastfeeding practices and influencing factors among mothers: a survey study.....	215
C	
Cancer and foot health: special podologic approaches to oncology patients.....	529
Cardiac rhythm disturbances associated with hydroxychloroquine and azithromycin combination in children with COVID-19 pneumonia.....	308
Changes in body composition and muscle strength in girls with idiopathic central precocious puberty during gonadotropin-releasing hormone agonist therapy.....	63
Characteristics of pediatric patients with chronic cough: data from a pediatric immunology and allergy outpatient clinic.....	75
Characteristics of portal vein thrombosis patients in the Anatolian city of Isparta: a retrospective single-center study.....	552
Clavicle midshaft fractures operative vs nonoperative treatment.....	1171
Clinical preferences and practice patterns of orthodontists in Turkiye regarding maxillary molar distalization.....	775
Clinical significance of chloride-to-phosphorus and chloride-to-magnesium ratios in primary hyperparathyroidism.....	731
Comparative evaluation of video-based and face-to-face approaches in suture training for dentistry students: an observational comparative study.....	650
Comparative prognostic value of inflammatory and nutritional indices in acute ischemic stroke: a multivariable model analysis.....	902
Comparing the readability of human- and AI-written informed consent forms for provisional dental restorations.....	697
Comparison of clinical outcome, cost and union times in pediatric ankle fractures.....	832
Comparison of color stability of different 3-D printed resins.....	988
Comparison of creativity and critical thinking among female students of selective and public high schools.....	447
Comparison of erector spinae plane block and serratus anterior plane block for pain management in thoracoscopic surgery.....	629
Comparison of mechanical properties of polyethylene and polyurethane blocks as model materials for in vitro cortical bone modelling.....	34
Comparison of the perinatal outcomes and antibiotic susceptibility patterns of acute cystitis associated with <i>Escherichia coli</i> and <i>Klebsiella pneumoniae</i> infections during the second trimester of pregnancy.....	1118
COPD and eosinophils: a perspective from the intensive care unit.....	441
COVID-19, influenza, and pneumococcal vaccination awareness and uptake in geriatric patients: a cross-sectional study.....	926
C-reactive protein/albumin ratio as a prognostic biomarker in myasthenia gravis.....	126
