CBU Journal of Science

Celal Bayar University Journal of Science (CBUJOS) covers scientific studies in the fields of Engineering and Science and publishes accounts of original research articles concerned with all aspects of experimental and theoretical studies. CBU Journal of Science is a refereed scientific journal published four times annually (March, June, September and December) by The Graduate School of Manisa Celal Bayar University. CBU Journal of Science considers the original research articles written in English for evaluation.

Celal Bayar University Journal of Science is indexed in TÜBİTAK ULAKBİM TR Dizin and included in several international databases, namely EBSCO, ASCI (Asian Science Citation Index), CiteFactor, Open Academic Journals Index (OAJI), and Academindex. All articles published in the journal are assigned a Digital Object Identifier (DOI).

Instructions for Authors and Article Template can be found on the page of Celal Bayar University Journal of Science DergiPark. (<https://dergipark.org.tr/tr/pub/cbayarfbe>)
