

The Publishing Rules of Journal of Sport Sciences Researches

1. In the Journal of Sport Sciences Researches, original studies and compilations made in the field of sports sciences are published.
2. All researches to be published in the journal are written in Turkish or English.
3. It is necessary for researchers to take the plagiarism reports (10% similarity limit). If a researcher does not submit the plagiarism report to the editors, the report will be taken by the editorial board using the plagiarism program before being sent to the study referees.
4. At least two referees' opinion will be taken before the study is published. Studies accepted by the referees and approved by the editor in accordance with the scientific content and form are published in the journal.
5. The study to be published in the journal should not have been published in any publications before, or should not have been sent to any magazines to be published at the same time. This is completely the author's responsibility.
6. Primarily, researches should be uploaded to the system via the <https://dergipark.org.tr/en/pub/jssr> website by researchers. The studies uploaded to the system are taken to preliminary consideration by the editor board. After the approval of the editorial board, the studies are transmitted to the referees on the electronic media and the studies are published in accordance with the decisions (acceptance / rejection) of the referees and the editors.
7. All studies must be written in Times New Roman font and justified alignment.
8. The title of the study must be written in **12-point and 1,15 line space** in the form of **CAPITAL LETTERS**.
9. The **Abstract** heading of the study must be written in starting with **capital letters, bold and 12-point**. Abstract text must be in **9-point** and **1** line space and not exceed **250** words.
10. Author name / names must be written below the heading of the study in **bold, italic, 12-point** and **left aligned** in order and academic title must not be used. Authors' institutions must be written in order and left aligned below their names.
11. The **key words** of the study must be written in **9-point** fonts, **italic**, starting with **capital letters**, maximum 5 words as shown in the example template on the right side of the summary text.

12. E-mail and telephone contacts (preferably) of the responsible writer of the study must be given as a **footnote** with **9-point** at the bottom of the abstract.
13. Text of the study must be written in **12-point** and **1,15** space lines.
14. Tables, graphics, shapes etc. must be in **10-point** (9-11 point) and must be prepared according to the **APA** style.

Table 1. The Reliability analysis of sub-scales of Gambling Motivation Scale (Cronbach's Alpha)

| Sub-Scales | Items | α |
|--|---------|----------|
| Intrinsic motivation to know | 5 items | 0.81 |
| Intrinsic motivation to experience stimulation | 4 items | 0.71 |
| Intrinsic motivation towards accomplishment | 3 items | 0.60 |
| Extrinsic motivation – external regulation | 4 items | 0.83 |
| Extrinsic motivation introjected | 4 items | 0.70 |
| Extrinsic motivation identified | 4 items | 0.73 |
| Amotivation | 4 items | 0.73 |

15. Study: It must be organized in the form of **INTRODUCTION, METHOD** (Research Model, Study Group / Population and Sample, Data Collection Tools, Data Collection, Analysis of Data), **FINDINGS, DISCUSSION, CONCLUSION, SUGGESTIONS and REFERENCES** and title of each chapter must be **12- point, in bold and capital letter**.
 16. The study must be in A4 page format, text length should not exceed 25 pages including figures, graphics and tables.
 17. All margins of the page must be 2.5 cm.
 18. The page numbers must be **11-point in Times New Roman** font below the page and in the middle (The page number must not appear on the first page).
 19. The list of resources is sorted alphabetically by the first letter of the first author's surname of each study.
 20. While giving intertextual reference, more than one studies must be given in alphabetical order. In the display of two or more studies in the same parenthesis, the semicolon is placed between the studies (Hutchins & Rowe, 2009: 120-125; Yıldız & Güzel, 2015: 12-25; Yıldız, 2016)
- Giving refernces:** References must be written **10-point** in **APA style** and **1 line spacing**.

** It must be shown as "et al." with 3 and more authors in references and intertextual reference.
