

### Submission Declaration

We accept that International Journal of Innovative Engineering Applications (IJIEA) does not bear any responsibility until the manuscript with the title of .....  
.....  
reaches International Journal of Innovative Engineering Applications (IJIEA).

We, the authors with the signatures below, guarantee that the article we present is original, its similarity rate in the literature (excluding references) does not exceed 20% for the Original Research Article and 30% for the Review Article, even if it is within these limits, the similarity rate in a single source does not exceed 5%, it has not been submitted to another journal for publication, it has not been published before, and it has been submitted to the International Journal of Innovative Engineering Applications (IJIEA) with its similarity report.

- We undertake that in the article we submitted for publication, no study, requiring ethics committee approval, was conducted.
- We guarantee that we send the ethical committee approval report for the article we submitted for publication, as attached.

On this occasion, the International Journal of Innovative Engineering Applications (IJIEA) has been authorized to publish the article.
