

Contribution Rate and Conflict of Interest Statement

Article title:

.....

If there is a relationship/activity/support and similar activities related to your work with third parties, it is expected that the person and activity in question will be clearly stated by the authors in detail. Even if you have doubts about whether possible situations with third parties create a conflict of interest, you are expected to state it.

Please choose the appropriate option for your study from the options below and upload the printout of the form with wet-ink signature (scanning the paper or taking a photo) to the Dergi Park system.

There is no situation that may cause a conflict of interest in the study.
