

## Author Contributions

### FRONTIERS IN LIFE SCIENCES AND RELATED TECHNOLOGIES (FLSRT)

**Title: Self-assembling of amphiphilic drug amitriptyline hydrochloride in the presence of additives: Role of surface activity in the pharmaceutical applications**

**Authors: Hasan Tolga ÖZÇAM, Zeynep Berna TAMER and Sinem GÖKTÜRK**

Use this form to specify the contribution of each author of your manuscript. A distinction is made between five types of contributions: Conceived and designed the analysis; Collected the data; Contributed data or analysis tools; Performed the analysis; Wrote the paper.

For each author of your manuscript, please indicate the types of contributions the author has made. An author may have made more than one type of contribution. Optionally, for each contribution type, you may specify the contribution of an author in more detail by providing a one-sentence statement in which the contribution is summarized. In the case of an author who contributed to performing the analysis, the author's contribution for instance could be specified in more detail as 'Performed the computer simulations', 'Performed the statistical analysis', or 'Performed the text mining analysis'.

If an author has made a contribution that is not covered by the five pre-defined contribution types, then please choose 'Other contribution' and provide a one-sentence statement summarizing the author's contribution.

#### **Author 1: Hasan Tolga ÖZÇAM**

☐ Conceived and designed the analysis

☒ Collected the data

Collected the data by performed conductivity measurements

☒ Contributed data or analysis tools

Created measurements of conductivity plots

☒ Performed the analysis

Designed and calculated the data obtained from conductivity measurements

☐ Wrote the paper

☒ Other contribution

Collecting literatures

# Frontiers in Life Sciences and Related Technologies

**Author 2:** Zeynep Berna TAMER

- ☐ Conceived and designed the analysis
- ☒ Collected the data
  - Collected the data by performed surface tension measurements
- ☒ Contributed data or analysis tools
  - Created measurements of surface tension plots
- ☐ Performed the analysis
- ☐ Wrote the paper
- ☐ Other contribution

**Author 3:** Sinem GÖKTÜRK

- ☒ Conceived and designed the analysis
  - Designed the research and conceived the analysis
- ☐ Collected the data
- ☒ Contributed data or analysis tools
  - Calculated all the data obtained from experiments
- ☐ Performed the analysis
- ☒ Wrote the paper
  - Wrote the paper and prepared for publication
- ☒ Other contribution
  - Organized laboratory experiments
