

DECLARATION FORM FOR PUBLICATION ETHICS AND ETHICS COMMITTEE APPROVAL**The Journal of Graduate School of Natural and Applied Sciences of Mehmet Akif Ersoy University**

Istiklal Campus 15030 Burdur, Turkey

Author(s):	
Article Title:	

As the authors of the above-mentioned article;

- We hereby commit to understanding and accepting that all rules required under the "Higher Education Institutions Scientific Research and Publication Ethics Directive" have been adhered to in this study,
- We affirm that none of the actions specified under the title "Actions Contrary to Scientific Research and Publication Ethics" of the aforementioned directive have been performed,
- In accordance with the issues related to ethical rules within the scope of "TR Index Journal Evaluation Criteria" and the explanations made below, we are responsible for the necessary permission documents and their submission to the journal,

Ethical considerations under the "TR Index Journal Evaluation Criteria":

1. Studies classified as requiring "Ethical Committee Approval" and listed below must provide an "Ethical Committee Approval Document" by the authors and submit it to the journal:
 - Any research involving qualitative or quantitative approaches requiring data collection from participants using survey, interview, focus group study, observation, experiment, interview techniques,
 - Use of humans and animals (including materials/data) for experimental or other scientific purposes,
 - Clinical research involving humans,
 - Research involving animals,
 - Retrospective studies in accordance with the law on the protection of personal data.
2. In addition to these studies, attention must be paid to the following points regarding the specified types of studies:
 - In case reports, confirmation of obtaining "Informed Consent Form"
 - Permission obtained from owners for the use of others' scales, questionnaires, photographs,
 - Compliance with copyright regulations for used intellectual and artistic works must be stated in the studies.
3. Researchers outside of universities conducting studies must apply to the Ethical Committees in their regions and obtain the relevant documents.
4. For research data collected before 2020, produced from master's/doctoral studies (which should be stated in the article), submitted for publication to the journal the previous year, accepted but not yet published articles, retrospective ethical committee approval is not required.
